

Apex of Achievement.

"Whenever we get to the point that we really believe of any national nobly job, it is honestly undertaken that it can't be done. When we have reached the apex of America's achievement," she asserted, "That is when

there has been so tremendous a recoil against Gov. Smith's policy of retreat on prohibition.

"This retreat and effort to restore the beverage traffic is in line with his years of Tammany training. Tammany always protected the saloon."

She said she had observed many efforts to apologize for Tammany and to point out that it is now reformed and she referred to a speech of a prominent southerner which was headlined "Smith uplifts Tammany." She quoted from the Encyclopedia Britannica a paragraph dealing with "Tammany Corruption," and then she said:

"Of course Tammany's governor may be equal to the task of reforming Tammany but I want to say far above a whisper that I doubt it."

Dry Law Safe with Hoover.

"There is no need of discouragement. The eighteenth amendment with all its high purpose is safe with Herbert Hoover. He believes in it. He has no handicaps of Tammany associates or obligations. He has the training and experience to tackle it. He sees it in terms of its economic advantages, in terms of protection of home life and childhood, in terms of patriotic and unselfish sacrifice."

Hoover, she said, gave us meatless days and "so, too, we can have cock-tail-less parties."

Manager Good, replying to the statement of United States Senator John Blaine, of Wisconsin, Republican, who said he would not support Hoover, said:

"I assumed there are a few Democrats in Wisconsin who intend to support the Democratic nominee. The only significance to Mr. Blaine's statement is that he unfurls a flag he has long kept concealed. Mr. Blaine has never been a real Republican. He has consistently opposed the Republican party and the ideas that have made that party the greatest force in government in the world."

Declined Democratic Offers.

"People generally know and even Mr. Blaine must know that what he says does not conform to the facts. These facts are that Mr. Hoover never sought the Democratic nomination. He was never willing to accept the nomination for President on the Democratic ticket. He declined repeatedly to have his name brought into the Democratic primaries."

"He says Mr. Hoover had something to do with 'beating down the price of farmers' wheat.' If Mr. Blaine wanted to be fair in the matter of determining what fixed the minimum price of wheat during the war, he would have used the words of Woodrow Wilson, who said:

"Mr. Hoover, at his express wish, has taken no part in the deliberations of the committee on whose recommendation I determined the government's fair price, nor has he in any way intimidated an opinion regarding that price."

Lewis Talks on Religion.

Former United States Senator James Hamilton Lewis of Illinois, a Democrat, spoke last night at Gary, Ind., on "The Religious Phase of Politics."

President McKinley, a Republican, named Joseph McKenna, a Catholic, attorney general of the United States, he said, and later appointed him to the Supreme court. President Harding appointed another Catholic, Pierce Butler, to the Supreme court, and President Taft appointed another Catholic, E. D. White, chief justice of the Supreme court. Oliver, Dunne of Illinois and Smith of New York, Catholics, never favored or opposed the religion of any of their fellow Americans, Lewis said.

"May I not appeal to all this to suppress the intimation anywhere that favor or prejudice has ever sprung from Roman Catholic officials in power because of any one having to

Believed Drowned

WILKIN BEEMER.

A hat and broken pieces of a canoe, washed up on the lake shore at Kenosha, are believed to have established the fate of Wilkin Beemer, 22 years old, Kenosha Boy Scout, Beemer, in a home made canoe, set out last week to paddle the eighty-one miles across the lake. When no reports came after 24 hours, fellow Scouts established a day and night vigil along shore and notified lake steamers to keep a lookout. When Beemer's hat and bits of wreckage, believed to be from his canoe, were found the vigil was abandoned in the belief that Beemer was drowned.

do with his official life being of Roman Catholic faith," the former senator asked.

"The issue between Candidate Hoover and Candidate Smith must be determined in the balance of man to man on the American basis of character and qualification for the high office for which they are presented to the American people. Let us leave to God to adjudicate their religions."

BLAINE'S BOLT NO TRAGEDY TO HOOVER CAMP

No Republican Anyhow, Is
G. O. P. Retort.

Milwaukee, Wis., Sept. 24.—[Special.]—Refusal of United States Senator John J. Blaine to support or vote for Herbert Hoover for President, "because he is not a Republican," brought forth a sharp retort today from Alvin

P. Kietzsch, chairman of the Hoover-Curtis club of Wisconsin.

"Senator Blaine is a political maverick," Mr. Kietzsch declared. "Furthermore, his statement as published today is made up of falsehoods and untruths."

"Senator Blaine's statement that he will not support Hoover is just about as startling as if Senator Pat Harrison of Mississippi had made it," Mr. Kietzsch said. "Few persons will care how Senator Blaine marks his ballot in November, but I believe the state of Wisconsin will rebel against the spreading of absolute falsehoods and untruths by one of its United States senators."

Tells Real Facts.

"The charge that Hoover in 1920 sought the Democratic nomination is absolutely false. The facts are: On Feb. 21, 1920, Georgia Democrats asked Mr. Hoover's permission to put his name on their ballot. On Feb. 26 he declined in writing, saying that he was not a Democrat. On Feb. 29, 1920, he was placed on both the Republican and Democratic bal-

lots in Michigan without his approval. Despite his protest, his name was left on the ballot, as is possible under the law. He received 22,000 Democratic votes and 49,000 Republican votes; in Ohio 10,000 Republicans wrote his name on the ballot, though he had refused to be a candidate. In 1920 Democrats in California, Oregon and Massachusetts also asked Mr. Hoover to be a candidate for the presidential nomination and in each case he flatly refused.

"The charge that Hoover kept down the price of wheat long since has been disproved by statements from every living farm member of the committee which did fix the price of wheat."

Hoover Took No Part.

"Each stated that Hoover declined to take part in the conferences on wheat prices and knew not what

price was fixed until the conference ended. Actually the average price of wheat was much higher during Mr. Hoover's food administration than the \$2.30 minimum set for him by others."

Senator Robert M. La Follette, who is running for reelection on the Republican ticket, said that he had no comment to make on Senator Blaine's statement.

Dog Bites 4 Year Old Boy in Face and Puts Out Eye

While 4 year old Alfred Johnson, 1712 North Halsted street, was visiting in Waukegan yesterday, a pet Pekinese dog with which he was playing bit him in the face, causing the loss of one of the child's eyes.

WOMAN POINTS TO SUSPECT AS SLAYER, ROBBER

Charles Stanley Held as Killer of Policeman.

CRIMINAL COURT.

Simon Galina, assault to murder, sentenced to 1 to 14 years in the penitentiary by Judge Ira Ryner.

Charles Stanley, regarded by police as their chief captive among some 500 suspects taken in the week-end raids, last night faced two charges of murder in addition to his admitted implication in more than 100 robberies committed in Chicago during the last few weeks.

Latest of the possible murder charges to develop was in connection with the shooting of Capt. Charles Arman, of Lafayette, Ind., police. Capt. Arman was killed by one of five men on Nov. 1, a moment after they had robbed the Tippecanoe Trust company of Lafayette.

Mrs. Margaret Chaney, secretary of the bank, identified Stanley as one of the Arman killers. She visited the detective bureau with Detectives William W. Weinhardt and Joseph Harriehon of Lafayette.

Denies Killing Policeman.

A hat dropped by one of the robbers while fleeing, which contained the inscription "Robert L. Stanley, Calumet City, Ill.," put police on his trail. Stanley denied the Lafayette charge. He insisted to Deputy Commissioner John Stege and Capt. John Norton that on Nov. 1 he was in the county jail. Those records will be checked, Capt. Norton said.

Stanley admitted, however, that he was one of three robbers who on Sept. 9 shot and killed Maurine Younglove, a watchman, while trying to loot a saloon at 2800 Van Buren street. Leo Liakos, now sought, and Walter Ingram, 5058 Kenmore avenue, were with him he said, adding that Liakos fired the shot.

Last night Stanley, with Ingram, undertook to conduct Capt. Norton over their several weeks' route as robbers in Chicago. Drug stores, oil

stations, and shops by the dozen were pointed out by the pair as the captain drove about the city at their direction.

Two Girls Also Seized.

Two girls, Ingram's wife, Irene, and Rose Pfong, were seized with Stanley and Ingram in Ingram's apartment, and charges of accessory will be placed against them, police say.

The girls have admitted they were present with Stanley, Ingram and others at the Turkish Village cafe, on North Clark, on Friday. John Pecora, gunman-bandit, a member of the Stanley gang, was shot to death by Detectives Allan Carroll and John Egarty, who were themselves perhaps fatally wounded in that battle.

Stanley is under bonds in connection with the attempted robbery of a Chicago Tribune delivery truck and is suspected of taking part in a recent Herald and Examiner pay roll holdup. Others held with Stanley and Ingram are: Leo Trimloff, Joseph Kaszantz, both of 1947 Superior street; John MacMurray, 1522 Jackson boulevard, and Alex Petro, 26 North Bishop street.

British Auto Firm Takes Up Automatic Gear Shift

LONDON, Sept. 24.—(P)—The Daily Mail today says that an automatic automobile gear shifting device has been adopted by a leading British manufacturer after successful tests over 50,000 miles. By this device a driver moves up his throttle or foot accelerator to the desired speed, steps on a pedal and the gear changes "automatically, smoothly, and silently."

BRAZILIANS MOB ITALIAN PAPER; ALLEGE SLANDER

(Chicago Tribune Press Service.)

RIO DE JANEIRO, Brazil, Sept. 24.—Student attacks on the Italian newspaper, Il Piccolo, at Sao Paulo, continued tonight, but were moderate under police surveillance. A demonstrator attempted to attack the Italian consulate, but was thwarted by the police. Near the consulate students staged a demonstration against the Italians, crying "Down with Mussolini! Down with the Fascists!"

Most of the state of Sao Paulo is composed of Italian colonists. In the article which started the controversy, Dona Maria Lacerda compared Maj. Carlo Del Prete's death with that of Capt. Roald Amundsen's, saying the Italian was not honored like Amundsen, and the paper Il Piccolo answered with many articles, the last one offending the Brazilian writer and his private honor.

A Hundred to One Shot

Here's the safest long-shot you ever played.

If your furnace is designed to burn solid fuel, the chances are a hundred to one that it was not made for any fuel but Anthracite. Few, if any, household furnaces were made for any other fuel.

The manufacturer designed and built your furnace for Anthracite. He tested it with Anthracite. He sold it to you with the idea that you would burn Anthracite.

Of course Anthracite will give you the best results in an Anthracite furnace.

But that is not the only reason for using this dependable fuel. Anthracite is clean-burning. It is long-lasting. And it is a known, proven fuel, and it's safe.

Have your coal dealer look over your furnace now and get it in shape for winter. He will do it free.

Anthracite
—the unfailing fuel

GRAND JURORS CALL ETTELSON FOR FRAUD QUIZ

Seek Light on Pay Rolls
of His Office.

Corporation Counsel Samuel Ettelson and his first assistant, James W. Brown, will be called before the special grand jury this afternoon to explain, if they can, the testimony of several hundred witnesses, who have admitted they did little or no work for the salary they collected from the special investigator's pay roll.

Special Assistant Attorney General Frank J. Loesch made the announcement late yesterday afternoon that Ettelson and his chief aid would be given a chance to explain to the jury the testimony so far presented by Capt. Ferre Watkins and Prosecutor Thomas H. Slusser. Ettelson and Brown are expected to sign immunity waivers.

Work Chiefly Political.
Many pay rollers told the prosecutors that if they did any work at all it was in behalf of the America First Society of the Crowe-Thompson-Galpin faction, which was defeated at the last primary. Ettelson, it is said, has disclaimed responsibility for the names of many of the persons appearing on the pay rolls, and he is to be given the chance to tell his version to the jury. Brown, it has been charged, loaded the pay rolls with many residents of his ward just before the primary, when he was in a hot three-cornered fight for ward committeeman. He is to be given an opportunity to explain this situation to the jury. There have been frequent reports that persons in his ward have warned pay rollers not to talk too much when called before the jury. He probably will be asked to explain that.

Pay Roll Parade Continues.
The parade of pay rollers from the Ettelson office continued yesterday afternoon before the grand jury, now on its last week of service.

Fifteen persons, whose names appeared on the Ettelson payrolls, although they were working out of the board of local improvements, appeared to tell the jurors how much or in what instances as Attorneys Watkins and Slusser put it. How little work they really did for the \$150 a month collected from the city.

The case of a man, who is a side-walk inspector, is typical of most of the employees found on the special investigators' pay roll, it is said. He worked for six weeks inspecting sidewalks, he said, and really did inspect as much as 1/4 block of walks in three days, but in which part of the city he could not recall when questioned.

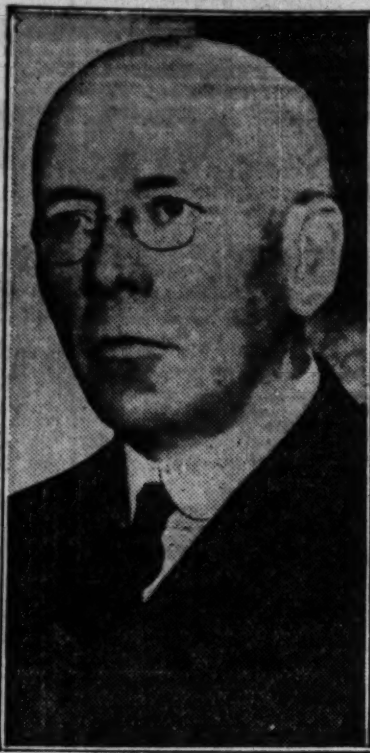

Ettelson's Office Source.
Attorney Elmer C. Patterson of the board of local improvements was one of the witnesses. He explained that all investigators for that department are employed through the corporation counsel's office.

The pay roll inquiry probably will be concluded today and the grand jury will then swing back to the vice and gambling investigation on the south side. Prosecutor Loesch announced yesterday that he expects probably a done deal to result from the such side investigation. Several prominent colored members of the Thompson-Crowe-Galpin America First faction are expected to be named in these true bills.

Get Four to Try Eilers.
The task of selecting the jury to try the 17 benchmen of Morris Eiler, city collector, and his son, Judge Edward Eiler, is making unusual progress for so prominent a criminal case. Four jurors were sworn in first thing yesterday morning, making the record time of only two actual court working days to get the first panel. James L. McElhaney, 32, 5612 South Elizabeth street, a railroad engineer, was one of the veniremen examined by the attorneys yesterday afternoon. He was crossed because of prejudice against the defendants.

"I would not have to be here and lose half my pay every day if they

KILLED IN AUTO

THE REV. E. C. LUMSDEN.
(TRIBUNE Photo.)

had not got mixed up in this thing," he explained.

"That is an improper attitude for a juror to have," Judge John M. O'Connor warned him. "You should try the case on the evidence and the law."

Coolidge Sends Prince's Bride-to-Be Wedding Gift
TOKIO, Sept. 24.—(AP)—Edward L. Neville, American chargé d'affaires, today presented at the home of Tsuneo Matsudaira, former Japanese ambassador to Washington, the wedding gifts sent by President Coolidge and Secretary Kellogg to Setsuko Matsudaira, who will marry Prince Chichibu, heir apparent, next Friday. The President sent an album of photographs of Washington and Secretary Kellogg a traveling clock.

JANITOR HELD FOR ATTACK.
Anthony Caccoppo, 23 years old, a janitor living at 1434 Mohawk street, was arrested yesterday by the Hudson avenue police on a charge of attacking Mrs. Sophie Bepano, 1502 Orleans street, wife of his cousin, Michael Bepano. He will be arraigned in the Chicago avenue court today.

LINDSAY MAKES LOESCH PLEDGE MORE SPECIFIC

Also Promises Trained
Men in Office.

Judge William J. Lindsay, Democratic candidate for state's attorney, yesterday supplemented his promise to Frank J. Loesch, special prosecutor, "to support unreservedly a continuance of the work in which you are engaged," with an even more precise pledge. Without referring directly to a criticism of his pledge by Judge John A. Swanson, his Republican opponent, he said:

"It appears that there are some quibblers who cannot understand a frank and open statement made in plain English," he said. "For their benefit I will resort to legal language which may be more familiar to them and state that I will continue, support, supplement, assist, prosecute and do all in my power to make fully and finally effectual the results of the investigation being made by Mr. Loesch and his aids."

Promises Trained Lawyers.
Judge Lindsay also gave a pledge that his office would be manned by expert lawyers of proved integrity when he was elected and would not be made a legal training school or a loafing place for ward politicians.

"As I wrote Frank J. Loesch, the special prosecutor," Judge Lindsay said, "the utter collapse of the arm of prosecution in this county has been effected by dishonesty and by nothing else. The remedy is replacement of dishonesty with honesty in the conduct of public affairs."

"Thereafter the degree of effectiveness depends upon the experience and skill of the men who form the prosecutor's staff."

"For one reason or another the

BETTER ENGLISH
New Class Thursday at 6:15
Room 207 of the Hotel
Lyon & Healy Concert Hall
TEL. ROGERS PARK 0234

prosecutor's staff has slumped steadily in recent years, due to the machinations of politicians. Obviously the standards of the men who work as assistant state's attorneys can rise no higher than those of the man who directs them.

"I believe I covered quite comprehensively what I think of the standards of the man who had to endure when I wrote Mr. Loesch:

"The accumulated effect of years of prostitution of justice by law-enforcing officials and agencies in this county is not a happy picture to contemplate. While prying into that situation, I assume, you have found the stench well nigh suffocating. Chicago has been made to wear for the time being a necklace of foul, unsolved crimes."

Should Be Paid More.

"Lack of sufficient funds to attract better legal talent has sometimes stood in the way of selecting a strong staff. That difficulty, however, can easily be overcome by the use of common sense. Instead of hiring a large number of young and inexperienced lawyers who are no match for the highly paid criminal lawyers of the city, it is preferable to hire fewer assistants and pay them more money."

"My experience in the Criminal court, where I served one term as chief justice, has shown me the clearly the necessity of sending the best lawyers obtainable against the talent employed by criminals."

TAILORED WITH CUSTOM CARE

Hickey-Freeman

The First Year of
HICKEY-FREEMAN CLOTHES
In Our Stores

JUST a year ago we published our first announcement on Hickey-Freeman Clothes for men—introducing the now famous Llamando Topcoat.

Since then we have noted how exactly our opinion of these clothes checks with the experience of our customers.

Hickey-Freeman Clothes appeal irresistibly to men who have discerning judgment and a skilled eye in selecting apparel. The beauty of the fabrics, the authentic style, the soft gracefulness of the tailoring, set these clothes in a class by themselves.

And the pleasure of acquiring is surpassed by the joy in possessing. The enduring good looks of the clothes—attained by fine fabrics finely tailored—make them a delight to own and to wear. They have a perfection of fit and drape that perhaps you had not believed attainable in clothes ready to wear.

Now is the most favorable time to select your new Hickey-Freeman suit, topcoat and overcoat—for business, sports or formal wear. After twelve months daily experience with them, we are more than ever convinced that Hickey-Freeman Clothes stand out as the finest to be had.

DAVIS TO TALK ON WATERWAYS IN ILLINOIS TRIP

Incidentally Will Contrast
Hoover-Smith Attitude.

BY PHILIP KINSLEY.
(Chicago Tribune Press Service.)
Washington, D. C., Sept. 24.—(Special.)—After a talk with Herbert Hoover, Secretary of War Dwight F. Davis announced that he would start tomorrow for La Salle, Ill., where he will begin a tour down the Illinois valley to talk to the farmers about the benefits of waterways and to inspect terminal facilities for establishment of a federal barge line service on the Illinois river.

This service eventually is to be extended to Chicago, Mr. Davis said, although the connection must await until the completion of the upper section of the Illinois river by the state. He thought the through service from Chicago to New Orleans would begin by 1931. The present barge line on the Mississippi is handling more wheat and other products than ever before and is proving of great benefit, he said.

Aid to Farming.
Secretary Davis said that the vigorous championship for waterway development by Mr. Hoover, as a great indirect aid to farming, was largely responsible for the prospect of new barge service soon on the tributaries of the Mississippi. One line of service will be on the Illinois river as far as La Salle, Mr. Davis said.

"In contrast to Mr. Hoover's active aid of waterway development during his term as secretary of commerce, it is interesting to note that Gov. Smith at Omaha devoted about three lines of his speech to waterway development, which he evidently regards as something to be considered in the distant future. He, of course, does not know what has already been done. We now have barge service the full length of the Mississippi river and have provision for its establishment on the Missouri and Illinois rivers as soon as the channels are of uniform depth, which will be within a year or so. We have progressed that far with Mr. Hoover's active assistance, but, of course, Gov. Smith doesn't understand the situation that well."

Hoover Plans Tennessee Trip.
Mr. Hoover is completing plans for his trip to Elizabethton, Tenn., next week, in which he will discuss water power and other industrial subjects.

Senator George W. Norris of Nebraska, who refused to lead a third party movement in this campaign, is going on the stump to aid in the campaign of Senators La Follette, Francis, Shipstead, Wheeler, Dill, Howell, and Johnson. He thinks water power is the great issue and that Gov. Smith's speech on that line was great. He is not, however, mixing up in the presidential fight and does not commit himself as to either candidate. If he remains neutral the Republican cause in Nebraska at least will be helped.

Senator William E. Borah sent word to the national committee today that the situation in Kentucky and Tennessee was satisfactory.

"I find stronger support for Hoover in Kentucky and Tennessee than I had expected to find," he said. "His strength is greater than has appeared on the surface. The campaign is

tense and the people are more aroused than in any part of the country I have visited."

Deneen Visits President.

Senator Charles E. Deneen had a visit with President Coolidge today, chatting over the political situation in Illinois and Wisconsin. He told the President that the situation in Illinois was better than four years ago, that the Republican vote would be normal.

Ogden L. Mills, undersecretary of the treasury, spoke over the radio this evening on how the Coolidge economy policies are worked out in the government and how they affect the taxpayer. The economy program will be

extended, he said, if Mr. Hoover is elected.

Mr. Hoover attended a dinner of trade-paper editors from all parts of the country. This was nonpolitical and private.

Last of Belgian Troops to Quit Rhine Soon, Says Paper

BRUSSELS, Belgium, Sept. 24.—(AP)—The Liberal newspaper L'Independance Belge today predicted that the last of the Belgian troops would be withdrawn from the Rhineland at an early date. The newspaper said that plans for withdrawing the last division had already been prepared.

ONE OF THREE HURT IN PLANE CRASH IS DEAD

(Picture on back page.)
Russell Hawkins, 38 years old, 7914 South Shore drive, who with two other employees of the Prairie Air Service corporation was seriously injured when their plane crashed at

77th street and La Crosse avenue Sunday, died yesterday at the St. Bernard hospital. Florian Savage, 21 years old of Deerfield, Ill., is still in a critical condition at the same hospital. Nelson McMahon, 22 years old, of Cambridge City, Ind., the other passenger in the plane, will recover. It was stated at the Englewood hospital, where he was taken after the accident. The plane went out of control as the pilot was stunting at an altitude of 1,500 feet.

Sale of Fine Fur Coats

ONE buys Furs as
one buys diamonds.
To safeguard your buying,
it is essential in both
cases that you be certain of
the integrity of the establishment
from which you buy. When you buy a fur
coat you are not buying so
many square yards of animal
pelt; you are buying years of
health, of comfort, of
warmth, of style, of pride.
It is essential therefore that
your investment shall be
made with extreme care.
"First Choose Your Furrier
Carefully."

When Miller & Co. sell
a Fur Coat we regard
our responsibility as commencing,
for the Miller
idea of service is measured
only by the customer's enduring
satisfaction.

City

State

The Chicago Tribune Will Pay

\$5,000.00 IN CASH
FOR PRESIDENTIAL RHYME-LINES!

CAN you suggest a last
line to the Presidential
Rhyme printed above?

Every week-day for 42 consecu-
tive days the Chicago Tribune will
print a rhyme about the Presi-
dential election, leaving the last line
blank. You are invited to fill in the
last line. It must rhyme with the
first two lines.

The Chicago Tribune will pay
\$5,000.00 in Cash Prizes to the per-
son who sends in the best last line
to these 42 Rhymes.

This offer is open to everyone,
everywhere—men, women, boys
and girls—except employees of the
Chicago Tribune and their families.
You pay nothing. Just try your
skill. Be clever and original.

Rhyme-Lines are to be sub-
mitted only in complete sets. Hold

all Rhymes until you have the
full set of 42. Then mail them to
"Rhyme-Lines," The Chicago
Tribune, Post Office Box 1539,
Chicago, Illinois.

All entries must be in by mid-
night 15 days after the last Presi-
dential Rhyme is printed. Rhymes
must be sent by First Class Mail,
postage prepaid. Entries with in-
sufficient postage will be returned
by the Post Office Department.

You need not purchase the Chicago
Tribune to compete. You may write
your Rhyme-Line on a separate
sheet of paper. The Chicago Tribune
may be examined at any of its Offices
or at Public Libraries free of charge.

The judges will be a committee
appointed by the Chicago Tribune.
Their decision will be final. In case
of ties a duplicate award will be
paid to each tying contestant.

PASTORS LEAD BALLOT REVOLT IN MISSISSIPPI

Save U. S. from Catholic
Rule, Is Pulpit Plea.

BY ARTHUR SEARS HENNING.
Jackson, Miss., Sept. 24.—(Special.)—This is another overwhelmingly Protestant state in the Democratic solid south that is in the throes of a widespread revolt against voting for a Roman Catholic for President.

Never have the Democrats of Mississippi been so bedeviled. They are torn between loyalty to party and fealty to church. On the one hand, Gov. H. H. Bell, himself a Baptist minister, and other regular Democratic leaders are demanding that they extirpate religious prejudice and vote the ticket straight in order to safeguard white supremacy.

On the other, Baptist and Methodist preachers are adjuring their parishioners from the pulpit to vote for Hoover in order to save the nation from Catholic supremacy.

Smith Seen as Victor.
How the state goes on Nov. 6 will depend largely on whether Mississippi Democrats place party regularity or church loyalty uppermost. In any northern state any party beset with the volume of disaffection that prevails among the Jeffersonians of Mississippi would be done for. If all the anti-Smith Democrats one hears of are here and there should vote as they are now talking, Hoover will win Mississippi in a walk.

What, however, with the deep-seated repugnance to voting for the party responsible for the horrors of reconstruction and what with the electoral limitations and the operations of a ballot juggling machine that has nothing to learn from Tammany the chances are that Smith will rather in Mississippi's ten electoral votes.

Bills Has Change of Heart.
Mississippi with a population of 56 per cent Negro is 88 per cent Protestant and 75 per cent Baptist. "Down with the Catholics" has been the burden of Baptist and Methodist preaching for decades. Years ago, when Marion W. Riley was a candidate for the nomination for governor, it was the Rev. Mr. Riley, now governor, who stumped the state calling for the defeat of Riley because Mrs. Riley was a Catholic. Riley was defeated.

Gov. Bell, with some reluctance, has now taken the stump for Smith and is eating his words with respect to Catholics. He is urging the voters to rise above religious prejudice and prevent the Republicans from getting a foothold in the state which might prove the opening wedge to the return of Negro domination.

The governor tells with gusto the coming devices adopted to disfranchise the Negroes. In the first place, the constitution of 1890 decreed that a voter must be able to read or understand the state constitution, to have

REBUKE MILWAUKEE DRY AGENTS FOR RAID ON PRIVATE HOME

Milwaukee, Wis., Sept. 24.—(Special.)—Another rebuke to federal dry agents was administered today by Court Commissioner Harry Kellogg, when he dismissed the government's case against Mr. and Mrs. William Schweitzer, at whose home two stills had been found.

Mr. Kellogg declared that the rough notices of the agents intimidated Mrs. Schweitzer and that they entered the home by coercion. He ruled that the raid was illegal.

Ben Finkle, federal dry agent, denied he had thrown a rock through the window of an upstairs room where two children were sleeping. He also denied having placed a ladder against the house, forcing Mrs. Schweitzer to open the door to admit him, although he had no search warrant.

Two policemen, however, testified that the agent had requested them to get a ladder for him.

Lived two years in the state, and one year in the precinct, and to have paid all poll and other taxes for two years prior to Feb. 1 of the election year. The residential qualification eliminates a large proportion of the Negroes, who are extremely nomadic, and the educational and tax requirements exclude the remainder.

Easy for Whites to Qualify.
Any white person who pays his taxes can qualify no matter how illiterate, for it is amazing how easily they satisfy the registrars of their comprehension of the constitution. Negroes, on the other hand, no matter

how highly educated, just never do seem to be able to construe the constitution—according to the registrars. There are 900,000 persons of voting age in Mississippi of whom 500,000 are Negroes disfranchised in defiance of the spirit of the fifteenth amendment prohibiting abridgment of citizenship rights on account of "race, color or previous condition of servitude." Inasmuch as the abridgment purports to apply to whites also the Supreme court held it not offensive to the amendment.

It does, however, clearly violate the fourteenth amendment penalizing states for abridgment of voting rights of any citizens, and if the amendment were enforced the representation of Mississippi in congress would be reduced a trifle more than one-half.

Of the 400,000 whites composing the electorate about 300,000 are registered to vote in this election, that being nearly three times the number that ordinarily turn out in a presidential election. Davis has a majority of 90,000 four years ago, only 8,546 votes being cast for Coolidge. Because it was necessary to pay poll taxes before Feb. 1, when the nomination of Smith was not a certainty, and to register not later than July many opponents of Smith find themselves disqualified to vote. Only half as many women are registered as two years ago.

Preachers Man Organization.
How the Democratic machine intimidates and cajoles ignorant voters, how it buys primary elections at one or two dollars a vote, how it holds up and manipulates returns, how it votes absentee and dead persons and how in numerous other ways it dictates the results of the polling are common gossip among the Mississippi politicians, even among those now professing to be scandalized by the doings of Tammany in this line.

As in other southern states the anti-Smith Democrats have their own organization manned chiefly by preachers and anti-saloon league and W. C. T. U. workers. This organization is disseminating a vast volume of anti-Catholic literature.

The regular Democrats are organizing and raising money for the first time in many years for a general election. The first necessity, however, has been to purge the organization of bolters. Former Judge Talley, of Hattiesburg, resigned from the state committee and is now stumping the state for Hoover but it was necessary to bring others to trial for apostasy. One committeeman was removed last week. The Franklin county executive committee went over to Hoover en masse, whereupon the state committee said it was an illegally constituted body, anyway.

That gave the politicians a laugh, because in none but four or five counties are there legally elected county committees. The Republican party being nonexistent and the Democrats having everything their own way the legal election of county committees fell into desuetude many years ago.

Many Off Reservation.
Senator Pat Harrison is helping run the national campaign at the New York headquarters and Senator Stephens has declared for the ticket but most of the congressmen are lying mighty low, fearing that if they come out for Smith the church people will retire them from Washington at the first opportunity. Hundreds of county and other local officials are off the reservation and the Smith managers are threatening to invoke the law to bar from Democratic primaries in the future, all candidates and even all

citizens who vote the Republican ticket.

An illustration of the trend of sentiment is the straw vote taken by the pro-Smith Meridian Star. The poll was running two and a half to one in favor of Hoover when the editor called it off.

No less interesting is what is happening on the Republican side. Under the auspices of the Hoover managers at Washington, the Republican party in Mississippi is being transformed into a white man's party. Perry Howard, the Negro Republican national committeeman, and his Negro followers are being shoved out into the cold.

"Lily Whites" Being Organized.
The new "Lily white" party is being organized by a group headed by Lamont Rowlands, a millionaire lumberman who was born in Michigan, made his pile in the Klondike and migrated from the state of Washington some fifteen years ago to southern Mississippi. Associated with Rowlands are Charles U. Gordon, who thirty years ago was postmaster of Chicago, and former Gov. Sheldon of Nebraska.

Howard received several thousand dollars for delivering his "black and tan" delegation to Hoover at Kansas City, but it was known he was trafficking with the Lowden managers

also and the Hoover men seated his delegation in preference to the pro-Hoover Gordon-Sheldon contesting delegation only after Howard had signed a sworn statement that he would vote for Hoover so long as needed. But the promise was given Gordon and Sheldon that Howard would be kicked out at the earliest possible moment.

A few weeks after the convention, Mrs. Mabel Whitebrandt appeared here and procured the indictment of Howard for selling appointments to federal offices. This action was hastened by the impending exposure of Howard by the senate committee investigating sale of federal patronage in the south. Howard is to be tried in November. He was suspended from the job of assistant attorney general he held in Washington but he cannot be removed as national committeeman pending his trial.

The Republican national committee, however, is ignoring him and is dealing only with Rowlands and the Lily Whites. Rowlands has put up a slate of ten Republican electors, all white, and Howard has put up a slate of ten, all white. It is now up to the Democratic secretary of state and attorney general to decide which of these rival Republican slates shall go on the ballot. It is surmised that both will go on.

Rowlands has put up a slate of ten Republican electors, all white, and Howard has put up a slate of ten, all white. It is now up to the Democratic secretary of state and attorney general to decide which of these rival Republican slates shall go on the ballot. It is surmised that both will go on.

Howard received several thousand dollars for delivering his "black and tan" delegation to Hoover at Kansas City, but it was known he was trafficking with the Lowden managers

also and the Hoover men seated his delegation in preference to the pro-Hoover Gordon-Sheldon contesting delegation only after Howard had signed a sworn statement that he would vote for Hoover so long as needed. But the promise was given Gordon and Sheldon that Howard would be kicked out at the earliest possible moment.

A few weeks after the convention, Mrs. Mabel Whitebrandt appeared here and procured the indictment of Howard for selling appointments to federal offices. This action was hastened by the impending exposure of Howard by the senate committee investigating sale of federal patronage in the south. Howard is to be tried in November. He was suspended from the job of assistant attorney general he held in Washington but he cannot be removed as national committeeman pending his trial.

The Republican national committee, however, is ignoring him and is dealing only with Rowlands and the Lily Whites. Rowlands has put up a slate of ten Republican electors, all white, and Howard has put up a slate of ten, all white. It is now up to the Democratic secretary of state and attorney general to decide which of these rival Republican slates shall go on the ballot. It is surmised that both will go on.

IT'S THE CUT OF YOUR CLOTHES THAT COUNTS

STURDYMAN and UNFINISHED WORSTED SUITS

by Society Brand

"Certainly," men say, "these are by far the best looking fall suits I've seen—but how will they wear?" Our answer: One of these Sturdyman or Unfinished Worsted fabrics will stand up under extremely hard usage—yet the textures are exceptionally soft and fine. And then there's the Society Brand cut—always keeps the suit smart to the very last day's wear.

Here they are—an endless variety of models, patterns and shades.

Two popular Society Brand Models—Cornell, 2-button, with graceful notch lapels (upper picture); and Regent D. B., last word in smartness for the man who prefers a Double Breasted.

TRIBUNE

WHISPERS FAIL TO TURN ARKANSAS AGAINST SMITH

Even W. C. T. U. Women
Are for Al and Joe.

BY ARTHUR EVANS.

(Chicago Tribune Press Service.)
Little Rock, Ark., Sept. 24.—[Special.]—Arkansas seems set for Al Smith. "Fighting Joe" Robinson, Al's running mate, as a native son is counted on to make the state safe for the Democrats. Prohibition and church affiliations are short circuiting other issues, and as in other states of the south politics is being sprayed from many a pulpit.
But here there appear symptoms that a reaction has set in. "Fighting Joe's" bombardment of religious in-

tolerance and his attacks on the "whispering campaign" seem to have put the Democrats on their tiptoes.
The state presents the spectacle of churches split wide open, between preachers and congregations, while as to the Volstead issue, the Smith-Robinson banner is being carried by leaders in the W. C. T. U.
The women are being organized on a scale hitherto unknown, and due to the poll tax system, which is a crude species of registration, the women are seeking to establish contact with every feminine voter in the state, which isn't as hard as it sounds, for Arkansas, like the rest of the solid south, has a small and restricted electorate.

W. C. T. U. for Smith.

The women have organized in 71 of the 75 counties and some of the strongest county chairmen are officials of the W. C. T. U. in high standing. In Pulaski county (Little Rock), the largest in the state, the Smith chairwoman is Mrs. Samuel P. Davis, former national president of the Daughters of 1812, former vice regent of the D. A. R., and for years an active worker in the W. C. T. U.
Over in Sebastian county (Ft. Smith), the second largest county, Mrs. Lora Goolbsy, the Smith women's chairman, a speaker of reputation, has been an officer of the W. C. T. U. Similarly in several of the smaller counties W. C. T. U. women are heading the Smith feminine movement.
Arkansas, by the way, is drier than

many other states, and Little Rock is one spot where the thirsty traveler has to hunt the bootlegger up instead of vice versa, although, be it said, the hills are bathed in mountain dew, and those who know get thirty minute service in acquisition of a bottle.

Most Preachers Keep to Texts.

Most of the preachers in the state are reported to be laying off politics especially since "Fighting Joe" got into action. Some of them, however, are tearing into the Democratic ticket from the pulpit. The Methodist church south is the nucleus of the Democratic party of Arkansas.

The Rev. H. D. Knickerbocker, pastor of the First Methodist church, south here, as been rebuked by his church board for his political utterances. Sixty-four of the officials of the church recently sent a letter to Senator Robinson expressing regret at any criticism, expressed or implied, which may have been directed against him from the pulpit of their church. "They said," "It does not represent our sentiment."

Baptists the Leading Creed.

The Baptists are first in number of communicants in the state. They are predominantly Democrats. The Methodists South come second. Nine-tenths of them are Democrats. The northern Methodists are Republicans, but there are few of them. The Catholics come third and the Presbyterians fourth. There is a vast stirring in the coun-

try churches, but all the Democratic leaders question how far this will be registered at the polls.

The bulk of the electorate has been indoctrinated with Democracy as that of Iowa and Michigan has been with Republicanism, and down here, out in the sticks and in the hills, especially, to bolt a ticket is regarded as tantamount to inviting excommunication from the Democratic party.

One statesman illuminated it thus: "They are fundamentalists, of course," says he, "but they are fundamental on party than on church in politics. Lots of them now talking for Hoover will find their pencils voting Democratic when they get into the polls—or else they will go a-fishing and not vote."

Negro Question Uppermost.

Of course, the color question is just as prominent as ever, as it always is in the solid south, and while supremacy is a fundamental of politics down here. It is the basis of the primitive machinery of elections, based on payment of poll tax, to keep the Negro out of politics, and dry down here.

All the election machinery is designed with the idea of restricted suffrage. The Republicans have a stronger organization than before, with federal officeholders in the minority, which is unlike most other southern states, and they are making an energetic fight.

RUSSIANS WATCH MANEUVERS OF GERMANY'S ARMY

(Chicago Tribune Press Service.)
BERLIN, Sept. 24.—[Special.]—Germany's army maneuvers in Silesia, in the presence of President Paul von Hindenburg, took on a curious political twist through the prominence given to two sets of foreign officers: Hungarians and Rumanians. The commander in chief of the Hungarian army, Gen. Yanki, attended with his full staff. Two high Russian general officers, whose names the directors of the maneuvers told the newspapermen must on no account be disclosed, took a prominent part in the staff discussions of the maneuvers.

The exercises were held near the Polish border. They represented resistance to a hypothetical war on Germany's eastern front, lending a peculiar significance to the presence of the soviet officers, one of whom was reported to be a general intended for command of the Russian army on the Polish frontier in case of war.

The maneuvers, which were carried out in conditions closely resembling the real thing, showed that the German reichswehr is extraordinarily efficient, with training surpassing that of any force in the world today.

The Stone that Nature took millions of years to make cannot be "manufactured"!

Only Natural Stone is "like natural stone." Beware of imitations. Natural Stone alone has stood the test of time

It has taken Nature millions of years to give Indiana Limestone its marvelous, proved durability and soft, mellow beauty. No imitation made by man can ever equal it. That is why Chicago's most beautiful architecture is of genuine Indiana Limestone.

Below is a partial list of Chicago buildings in which Indiana Limestone has been used. Look at some of these fine buildings—at the Tribune Tower, "333" N. Michigan, the Medinah Athletic Club, the Illinois Merchants Trust Building, the University Club, Art Institute, the Public Library, Straus Building—and others along Michigan Avenue and in every part of the city. Look at the University of Chicago's buildings and at the McKimlock Memorial

Group of Northwestern University. Certainly you will agree with leading architects that for beauty, permanence, and economy nothing compares with Indiana Limestone. This natural stone has been tried and proved by the test of time. It has been used in Chicago since the fire, 1871.

The Indiana Limestone Company is the world's largest quarrier and fabricator of stone. Owing to the economies effected by large scale quarrying operations and most modern machine methods, this marvelous building stone is now more economical than ever before. Whatever type of building you may be interested in, we ask you to prove this to yourself by securing an estimate on genuine, permanent Indiana Limestone, quarried from the ground.

G. O. P. RECOUNT HAS DEMOCRATS IN A QUANDARY

They Are Raring to Go, but Against Whom?

Some of the Democratic county candidates were in a quandary yesterday; they didn't know who their Republican opponents are.

At the election commissioners' offices it was said there is a possibility that three of the nominations apparently won by the Thompson-Crowe-America first faction in the primary may be lost when County Judge Edmund K. Jarecki rules on the contests. Yesterday Judge Jarecki was ruling out ballots by the hundreds because of apparent fraud — ballots obviously marked by the same person, ballots in precincts where the poll lists showed repetitions of names, and where the poll books were seemingly copied from registration lists.

Deneen Candidates Hopeful.

"We feel confident A. W. Sullivan, our candidate, will be nominated for assessor," said Herbert Juul at Deneen headquarters.

"I think I have a chance of replacing Morris Eller on the ballot," said J. H. Glenn, Deneen primary candidate for sanitary trustee who lost to Eller on the face of police returns and recount. "Judge Jarecki is being shown hundreds of phony ballots every day and is taking them out of the count. We found many palpable frauds in the Twenty-fifth ward, where even the name of Ald. James B. Bowler, Demo-

START TO COLLECT BACK DUES FROM FISH FAN MEMBERS

Collection of back dues from several hundred Chicago business men, members of the bankrupt Fish Fans' club, will be started today by Chester A. Wyloughby, appointed receiver yesterday by Federal Judge George A. Carpenter. The sale of the old hull, resting on the bottom of Belmont harbor at the foot of Hawthorne place, and its furnishings is expected to follow.

"The assets consist of more than an empty hull," the club's attorneys assured Judge Carpenter. "There is a claim of \$5,000 against the Lincoln park board, some furniture, and dues to be collected from some 200 members at \$5 each."

Among those listed in the schedule as owing the club back dues are George W. Reinecke, husband of Mrs. Mabel G. Reinecke, collector of internal revenue; Judge William L. Morgan, and Sam Howard, former chief deputy United States marshal.

cratic ward committeeman, is listed as voting in the Republican primary."

The third nomination in jeopardy is that of Coroner Oscar Wolf. The recount gave Hugo C. Fisher, Deneen candidate, a gain of 3,664 on Coroner Wolf over the canvass, and cut Wolf's lead to 24,000. Glenn gained 2,846 in the recount on Morris Eller and was but 13,000 behind the boss of the "Bloody Twentieth" ward when Judge Jarecki began scrutinizing the challenged ballots. Sullivan gained 7,513 votes in the recount on Ald. Eugene L. Nusser, Thompson-Crowe candidate for assessor, and is trailing by but 4,000 votes.

Jarecki's Decision Final.

It was said there are enough ballots under fire to change the three nominations if Judge Jarecki rules out entire precincts on a showing of cheating. Judge Jarecki's ruling would not be

Pal Dies in Crash, Prince Is Fined on License Charge

President outsells all other Eights!

Less than a year old, Studebaker's President Eight is already outselling every other eight-cylinder car in the world.

Introduced at the Automobile shows in January and February, The President took the lead in registration of Eights in July — six months later. August registrations show an even greater lead over the twenty-four other eight-cylinder automobiles built in the United States.

Although the President Eight is less than a year old it is the culmination of Studebaker's 76 years of manufacturing experience. No other car on earth can match it in proven performance or in value. No wonder the public has chosen it beyond all others.

Four Reasons Why the Public is Buying more Presidents than Any Other Eight-cylinder Car

- 1 Proven Performance**—30,000 miles in 26,326 consecutive minutes—greatest record for sustained speed in history of the world—exceeded only by comets, suns, meteorites, planets. No other Eight of any kind offers such proven reliability, such sturdy Studebaker stamina.
- 2 Beauty**—charm—colors that sing—graceful lines that fittingly express the great speed and flexibility of the engine.
- 3 Luxury**—matchless ease of riding resulting from Studebaker's exclusive ball-bearing spring shackles—easy-chair comfort—two-finger steering and gear-shifting—amplified-action 4-wheel brakes.
- 4 Value**—all this power, beauty, luxury at One-Profits prices as low as \$1685, f. o. b. factory.

KIDNAPING DRY AGENT WILL GO TO TRIAL FRIDAY

Accused Faces 5 Other
Charges.

Taylorville, Ill., Sept. 24.—(Special.)—John G. Berlew, a dry agent, will be arraigned in the Circuit court in Clinton on Friday on a charge of kidnaping and contributing to the delinquency of 14-year-old Mildred Brown of Walden Springs.

When Berlew met the child he was employed by the state's attorney of

Dewitt county to run down Volstead law violators. He is in jail in Clinton, held under \$11,000 bond.

Faces Four Other Charges.

He also is held on three charges of perjury in connection with his filing of alleged false affidavits while he was procuring liquor evidence and another charge of violating the prohibition law.

Berlew, it is charged, lured the girl, who last summer graduated from the common schools, away from her home a week ago Saturday. They arrived in Taylorville Sunday and registered at a hotel here as man and wife.

The agent registered under an assumed name. Marie Dunne, another agent, who worked with Berlew, accompanied them.

The second agent also registered under an assumed name and told the hotel proprietor that Berlew's wife was his sister. They remained in the hotel three days.

Marries Girl Later.

Berlew, it is said, learned that Dewitt county authorities were sending notices over the state offering a reward of \$100 for his arrest. Fearing a penitentiary sentence, he took the

young girl before a police magistrate and they were married.

Early the next morning Berlew was arrested and held for Clinton authorities. The child was held until her mother arrived and took her home. Berlew and Dunne were attempting to obtain employment from State's Attorney Carl H. Friehs here as dry agents. The Clinton county prosecutor did not know that the girl was accompanying them until after Berlew's arrest.

Ten Sumatra Lepers Killed in Riot Resisting Treatment

BATAVIA, Java, Sept. 24.—(P)—A telegram from Kota Radja, northern Sumatra, today said ten lepers were killed and four wounded when a colony resisted effort of officials to treat them.

The district commissioner and his military escort had to fire in self-defense when the lepers, numbering twenty-nine and including both men and women, attacked the officials with knives and lances.

Four of those killed were women and two women were wounded. There were no casualties among the military escort.

1,500 DRY AGENTS WILL BE OUT OF JOBS IN 30 DAYS

Civil Service Novices to
Get Call.

(Chicago Tribune Press Service.)

Washington, D. C., Sept. 24.—(Special.)—Within the next 30 days the federal prohibition service will have undergone the most complete shakeup in its history and three-fourths of the nearly 2,000 agents and investigators now in the corps will be out of jobs.

Certifications filling their places

with novices drawn from a civil service eligible list have been completed and forwarded to district administrators.

While reorganization details are withheld, it was said at the dry bureau headquarters today, that, having failed to pass civil service examinations held last fall under the 1927 law, about one-half of the 154 agents now assigned to the Chicago district are slated to go.

Yellowley Has New List.

District Administrator E. C. Yellowley has had the new list of eligibles for several days, it was said here.

The difficulty in the Chicago district, as in several others, is that the number of places to be filled exceeds the number of eligibles immediately available. Yellowley, it is understood, is hard pressed to know which of his agents to replace first. Another examination to provide a sufficient number of eligibles in the Chicago district is to be called within a day or two, according to Prohibition Commissioner James M. Doran.

1,700 Places to Fill.

Ultimately the civil service commission will certify about 3,000 men as eligible for places of the 1,700 dry

agents who failed in the tests, which were sharply criticized by Dr. Doran. When it became known that nearly 75 per cent of the agents taking the test had slumped, Dr. Doran asserted that too much emphasis had been placed upon the educational qualifications of the applicants. He said he wanted "good riders" rather than good spellers.

Americans Donate Money to Release British Debt

(Chicago Tribune Press Service.)

LONDON, Sept. 24.—Following a gift of \$100 from an "anonymous American" towards the reduction of the British debt, announced this morning, Chancellor of the Exchequer Winston Churchill announces tonight that he has received from another anonymous gentleman \$15,000 worth of United States Steel corporation bonds as a contribution towards the payment of the interest on the British debt to the United States.

FUEL EXPERTS MEET.

LONDON, Sept. 24.—(P)—Scientists from six nations searching for new fuels to meet ever increasing world demands convened here today to discuss fuel problems and possibilities of industrial development in the light of latest knowledge.

BLAME HOUSTON BOARD FOR PIPE LABOR CRISIS

Blame for the fact that ninety per cent of the laborers in the city water pipe extension division are temporary appointees was laid yesterday upon the civil service commission, headed by Thomas J. Houston. The commission, it was charged, has failed to hold examinations.

The charges were made at a conference between Edward F. Moore, deputy commissioner of public works, and Samuel P. Luzzo, president of the laborer's district council, who threatened to call a strike because union men have been replaced by temporary political appointees.

Mr. Moore explained that the civil service lists are exhausted and that it is necessary to employ temporary non-union men.

Mr. Moore and Mr. Luzzo agreed to petition the civil service commission to call examinations at once to remedy the situation. The strike will be delayed long enough to determine whether the commission will act on the request, it was indicated.

MARSHALL FIELD & COMPANY

Of Chic Importance On the Sixth Floor

Green Coats

There are countless shades of green registered in the fall mode . . . but none smarter than the particular medium green used for the coat at left. Luxurious trimming of leopard cat is of the very shade to show this smart green off to best advantage. It is one of many new arrivals, \$295

Women's Coats and Wraps
Sixth Floor, North, State, (West Half)

Printed Velvet

There are also countless chic prints registered in the velvet mode, but none more charming than the particular one chosen for the afternoon dress. New details are its wrap skirt, ending in a flare and secured by two smart little bows. It may be had in black and rose or black and blue, and is one of a charming collection of velvets both plain and printed, \$85

Women's Costumes
Sixth Floor, Middle, Wabash

New Fall Shirts are Made of Very Fine Imported Fabrics

AMERICAN made are these Shirts of Figured Batiste and Madras fabric, imported from Scotland, for the man who is just a little more particular than the average. The Batiste comes in colored figures at \$8.50. The Madras comes in plain colors with Woven Jacquard designs at \$7.50. Each Shirt has two collars to match.

For the well-dressed man many other lines of fancy-colored and all-white Shirts, \$2.50.

AERO THE NATIONAL RADIATOR

Aero, the National Radiator, showed that beauty and warmth could be combined in heating.

So warm was Aero's welcome—so widespread its popularity—that the entire industry followed its lead. Today, Aero tube-type radiation is the rule; while bulky, old-style radiation has become but a relic of the past.

THE Only COMPLETE LINE OF TUBE-TYPE RADIATION OF demonstrated dependability

It is well to be sure, however, that you get Aero, the National Radiator. (Look for the name on the end.) For Aero is the only complete line of modern tube-type radiation whose dependability and worth have been actually demonstrated over a period of years on all kinds of heating applications.

A heating plant is no field for experiment. To risk uncertainties is to gamble with comfort and with health. Aero, the National Radiator, will bring you security, and merits your confidence.

See a reliable Heating Contractor. He will obtain and install Aero, the National Radiator, for you.

MONEY PACIFISTS CALLED PERIL TO NATION'S FUTURE

Concentrate on Children,
Congressman Maas Says

(Picture on back page.)
Men and women who preach against national defense solely for the money there is in it are concentrating their attack on the school children of the United States, Congressman Maas said. He said that the money which is being spent on the children of the United States is being spent on the children of the United States. He said that the money which is being spent on the children of the United States is being spent on the children of the United States.

"I am speaking of many of the highly organized groups which are ostensibly out to promote peace in the world by destroying all national defense in America," Mr. Maas said. And he names as two of these organizations the National Council of Churches of Christ in America and the National Council for the Prevention of War.

"That last organization," he continued, "has a secretary named E. W. Libbey, who is one of the most dangerous enemies of the United States. He openly boasts that he can get out

a lobby of 50,000 to 250,000 letters to members of congress on a day's notice. And his office is in Washington in the shadow of the national capitol."

Mr. Maas, who is 30 years old, is one of the youngest members of congress. He is a member of the American Legion, having enlisted in the marine corps on the opening of the war. He served two months with the aviation section overseas. He is a captain in the reserve marine corps and a Republican.

Will Destroy Country.
"These so-called peace organizations are out to destroy every vestige of nationalism in the United States," he said. "They are out to destroy this country, our army and our navy. Even the Boy Scouts are on their blacklist as a military organization."

"The United States is practically defenseless right now. I have made it my business to ask those who know, I asked them: 'Are we in a position to properly defend ourselves against a concentrated military and naval aggression?' And without exception they have answered 'No!'

"We have already reduced our army and navy to a dangerous point, and they want them reduced to nothing."

Tells of Pledge Card.
Then he told of the pledge card being distributed in large numbers among the American school children, and continued:

"The rank and file of these organizations is made up of well meaning but misguided and deluded persons, men and women. The leaders are dangerous enemies, full of treason, and they are pacifists purely for the pay they get out of it. They make their living at it and they live high. They are preaching that we are an imperialistic nation. If we were would we have sponsored the Monroe Doctrine? Wouldn't we instead have seized all of the South American countries and made them a part of the United States? Would we have sent our men to bleed and die in the world war and then refuse to take anything for it?"

"Let me tell you when you reduce

the army and navy it is hard ever to get it back where it ought to be again. For when you start building it up again every nation in the world rises up and demands, 'Why? If it is not that you are preparing for a war—then Why?' And that in itself would be a cause for war."

The congressman told them how he happened to become interested in the vast pacifistic machinery.

"It was when the bill calling for the building of a certain number of ships for our navy was coming up," he said.

"I suddenly got a great number of letters from people in my district demanding I vote against the bill. Now, I had been elected on a platform of national defense and I knew something was wrong; that these letters were neither bona fide nor spontaneous. I investigated and discovered the National Council for the Prevention of War, its secretary, Mr. Libbey, and its boast about the 50,000 to 250,000 letters on a day's notice."

MESSAGERS HELD TO GRAND JURY.
Henry Harrison, 34 years old, for six years a messenger for Alfred, Becker & John, waived examination, and was held to the grand jury in bonds of \$7,500 yesterday on a charge of embezzling \$5,000 of his employers' funds.

COOK COUNTY JOINS FIGHT FOR GAS TAX MONEY

Attacks Injunctions of
Oil Companies.

Cook county yesterday joined the ranks of Illinois counties fighting to procure for public highways the \$6,700,000 collected from the state's motorists under the unconstitutional gas tax law.

By unanimous vote the Cook county board adopted a resolution condemning the action of oil companies in requesting the injunctions was that the legislative action appropriating the \$6,700,000 to the various counties was invalid.

Can't Pay Back Buyers.
Most of the tax was collected through filling stations, where no receipts were given, and therefore it would be practically impossible to reimburse but few of the consumers, it is brought out in the Cook county

resolution. Therefore, should the oil companies be successful in their litigation to have the tax money paid back to them "the oil companies would be beneficiaries of this tax which they did not originally pay," according to the resolution.

Charles M. Hayes, president of the Chicago Motor club, in a statement Sunday declared that "the only way Illinois motorists can get back anything for this tax they paid is to secure the money for road building purposes."

Identify Chicago "Ride"
Victim Struck by Auto
A man who was struck by an automobile near La Porte, Ind., early yesterday after he had apparently been beaten and tossed from another car was identified in the afternoon as George Sabo, formerly of 23 South Sangamon street. In Sabo's pocket was a note: "If I die notify Haymarket 1556." M. Sertich, his former landlord, said Sabo, had moved away two months ago and that he was once employed as night porter for the Davis store. Sabo's condition was regarded as critical.

Officials of the principal oil companies have not as yet issued comments on the formal action of the counties in protest against the injunctions. The plea of the companies in requesting the injunctions was that the legislative action appropriating the \$6,700,000 to the various counties was invalid.

Most of the tax was collected through filling stations, where no receipts were given, and therefore it would be practically impossible to reimburse but few of the consumers, it is brought out in the Cook county

APART 37 YEARS, FIND EACH OTHER BY TRIBUNE "AD"

Brother and Sister to Hold Reunion.

(Pictures on back page.)

There is to be a happy reunion soon in the home of Mrs. Walter C. Swanson at 1836 North Lowell avenue.

Mrs. Swanson was reading the "Personal" column in THE TRIBUNE a few days ago when she happened upon a little four line advertisement which read:

"Harold Andrew Jensen wishes to communicate with his sister, Maimie, and friends, address Riverton Sanatorium, Seattle, Wash., Route 11, Box 452."

He Is Her Brother.

Something in the dim background of Mrs. Swanson's childhood memory stirred. She murmured, "I wonder... I wonder..." and then she wrote a letter. A few days and an answer came. Then there was a long distance telephone call and a conversation; and yesterday Mrs. Swanson told her story to THE TRIBUNE, saying she was grateful.

"He is my brother," she said, "and we have been separated for more than thirty-seven years. Now he is coming to Chicago to see me soon. I am the sister, Maimie, he asked about in the ad."

"My brother and I were both born in Chicago. I am forty-two now and I believe he's forty-six. Our mother and father died almost together when we were just little children. We drifted apart and when he was 14 he joined the navy and I never saw him again after that. He's employed out in that sanatorium near Seattle now and he's married and has a seventeen year old daughter, Thelma."

14 Years in Alaska.
"My brother in his letter told me he spent fourteen years in Alaska. He must have had some strange adventures all those years. I am anxious to hear him tell of them. Me? O, I have been married for eighteen years and I have two splendid boys of my own. Yes, Willard is 14, and Ford 13. "But never mind me. Tell all about our reunion to come soon and how happy we are over it and how grateful for a great newspaper like THE TRIBUNE that can bring two people together when they are so far apart after so many years."

Mention Secretary Kellogg for Nobel Peace Prize

(Chicago Tribune Press Service.)

OSLO, Sept. 24.—Secretary of State Frank B. Kellogg is the favorite for the Nobel peace prize this year. Although the Nobel committee is silent on its decision, the newspapers forecast that Mr. Kellogg has the biggest chance. The prize will be announced Dec. 10.

LED ROBBERS

Florence Morton, alias Nadine Milling, whose followers admit robbing 21 taxicabs.

Nadine Makes Denial

Nineteen year old Nadine Milling, who lives at 1940 Emerson avenue, yesterday denied every charge brought against her by the police, but admitted that she is fond of Rocco Allegretti, her alleged bandit companion, and a close neighbor.

Nadine and three others are being held at the Harrison street police annex on charges of holding up twenty-one taxicab drivers. "These charges are false," Nadine said. "Why should I do anything like that? After I graduated from Englewood High school last year I went to work as a stenographer and worked until two weeks ago. At odd time I was a dance instructor. The night the police caught us the fellows were taking us out to eat. After they held up one driver I told them to take me home."

But, though Nadine was emphatic in her denials, the other three, Marguerite Roberts, Vanci Pontorieri, and Rocco, told the police she had planned their stickups and that she made use of her hazel eyes to lure the victims.

Dan Smith Is Appointed Labor Director for G. O. P.

Dan G. Smith, veteran leader of the Switchmen's Union of North America, was appointed yesterday as director of labor for the Hoover-Curtis campaign. He opened headquarters as soon as word of his appointment was received and issued a statement saying the election of Gov. Smith would be a menace to organized labor. He said the great interest of the American wage earner is in the two policies sponsored and advocated by Republican administrations, restricted immigration and high protective tariff.

FENGER STRIKE TO END TODAY AS STUDENTS RETURN

(Pictures on back page.)

Striking students at the Fenger High school who walked out last Friday in protest against the transfer of 25 Negro children from the Morgan Park High school to the Fenger must return to school before their demands are considered by school authorities. This ultimatum was issued yesterday by Superintendent William J. Bogan, who declared that those who did not

go back peacefully to their classes would be expelled from school. After a mass meeting of the 200 strikers held in the rooms of the South End Chamber of Commerce yesterday afternoon it was announced that all would return today. At the meeting they were addressed by Walter Roy, secretary, and Earl De Young, head of the educational committee of the chamber of commerce, and Trustee Theophilus Schmid of the school board. The strikers agreed to return when the business men assured them that they would present their grievances to the school board. The strikers ap-

pointed a committee, headed by Arnold Delveaux, chief of police in the Fenger students' self-governing body, to serve with the chamber of commerce committee.

Aurora Celebrates Victory of Flyer Livingston Today

A celebration in honor of John Livingston, winner of the class B coast to coast air race, will be held in Aurora today. Livingston, an Aurora business man, was one of the youngest pilots in the race from New York to Los Angeles. Besides winning the event he collected \$12,410 in lap prizes and sweetstakes.

Are you darkening their lives?

Children, like tender plants, are striving to reach the sunlight. And it may be that unknowingly you are darkening your children's lives by keeping from them the essential vitamins A and D found in edible sunshine—good butter.

A child that has been brought up "in the dark" through lack of power to grow is sadly handicapped in life's battle. Through a childhood of underweight, undersize, colds, anemia, or rickets, it finally emerges dwarfed in mental and physical vigor, unfit for the fight ahead.

Taliaferro Clark, Surgeon, United States Public Health Service, in his official bulletin, "Nutrition in Childhood," says:

"Malnutrition is a condition of undernourishment or underweight. It is seen in boys and girls at any period after infancy or in childhood. It is an important condition, very often neglected, and when neglected may lead to serious consequences."

Physicians and other authorities the world over recognize the seriousness of vitamin starvation. They say, "Give the child plenty of good butter, rich in growth vitamins A and D."

For they know that good butter—edible sunshine—has the same beneficial effect as sunshine itself.

Vitamins protected

In making Blue Valley Butter, these valuable vitamins are fully protected, from the selection and pasteurization of the cream to the final wrapping in the triple package.

Thus every package of Blue Valley is a package of sunshine—a package of health—a package of success for growing boys and girls. Because of this extreme care, Blue Valley Butter is also rich in flavor—the distinctive Blue Valley flavor that you never tire of.

Buy Blue Valley next time. It comes in three convenient weights. Use it freely in the cooking—it puts sunshine vitamins into other foods. Every grocer that sells it is a purveyor of health.

BLUE VALLEY BUTTER

Churned fresh from PASTEURIZED cream is good butter Made every day right in this city

WINTER
comes—

Let your heating contractor perform this inexpensive miracle

DON'T put it off another day. Phone your heating contractor. Say: "Put my heating system in order. Clean out the boiler—and show me how you can vacuum-ize my system with Hoffman No. 2 Valves."

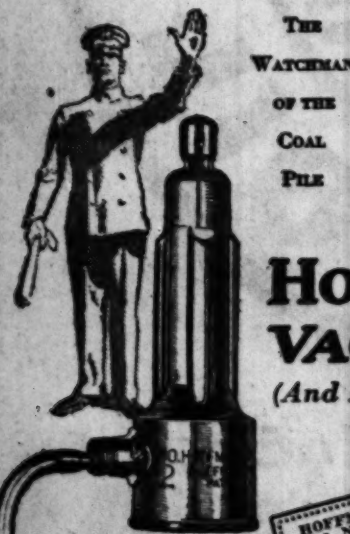

He will tell you: "To vacuum-ize your system is to lock out air, the element that robs the boiler of its ability to deliver all its heat. Mortal enemies, air and steam. Air destroys steam—robs it of its heat. If air is in a radiator steam cannot enter. Get that air out and lock it out with Hoffman No. 2 Valves—and the steam won't have to fight every inch of its way into radiators, pushing out the air and lifting its weight every time drafts are opened."

With air shut out, radiators fill with steam 15 minutes (instead of an hour) after drafts are opened. When the fire is banked radiators continue to give off heat for 3 hours instead of 30 minutes, because air cannot get back to dissipate it.

What comfort this one simple change can bring! How easy it is to figure out the number of dollars saved in fuel!

Phone your heating contractor now. Just the above 23 words to him will take the bite out of icy weather promised soon by weather experts.

ANNA WALSKA HELD LIABLE FOR DUTY ON BAGGAGE

15 Trunks Detained at
Port Being Appraised.

New York, Sept. 24.—(Special.)—Anna Walska, opera singer and the wife of Harold F. McCormick of Chicago, is an American citizen, deposes her residence in France, and will have to pay duty on jewelry and personal effects which are said to be valued at about \$2,500,000.

The ruling was made today by Phil. E. Ewing, collector of the port, who said Henry D. Bulkeley, attorney for Mrs. Walska, that her claim to foreign residence and consequent immunity from duty had been denied. Bulkeley immediately made plans to appeal and will, if necessary, carry the matter to the United States Customs court and the Court of Customs Appeal.

Claims Paris Is Her Home.
A brief to be filed in Washington tomorrow will contend that Mrs. Walska has lived in Paris for the last five years, that she owns a theater, home and a beauty shop there, and finally that she intends to return to France. Besides the claim made concerning the singer's residence in France, the new freedom of women and their rights to a separate real-estate will also be stressed in support of the appeal.

The customs authorities in New York today released a trunk filled with music scores, to Mr. Bulkeley, who stated that he understood Mrs. Walska planned a concert tour while in this country. The release of the trunk was not affect the status of the case, it was said, since the music sheets—being in a foreign language—were deemed as duty free.

Order Baggage Appraised.
The officials were optimistic that decision of the collector would be upheld by Commissioner Camp. They agreed the baggage, consisting of some fifteen trunks, to be appraised by experts. It was emphasized that the case is not at all dissimilar from many others which have occurred in recent years. In virtually all of these, it was said, the persons claiming no residence have been forced to pay the duties on the full amount of their baggage.

Use Their Wedding Dinner
Set on 67th Anniversary
Newark, Ind., Sept. 24.—(Special.)—A wedding dinner from the dishes used at their wedding dinner sixty seven years ago, Mr. and Mrs. Amos Mitten, dinner residents, celebrated the anniversary here yesterday.

ROB ROY, COOLIDGE'S WHITE COLLIE, DIES IN ARMY HOSPITAL

(Picture on back page.)

Washington, D. C., Sept. 24.—(AP)—Rob Roy, President Coolidge's collie, is dead.

The white dog which came to Mr. Coolidge shortly after he became chief executive, died at Walter Reed General Army hospital of ulcers of the stomach.

Rob Roy developed his first symptoms of illness immediately upon returning to Washington from Wisconsin. At the summer White House he had been in splendid health. A few days ago President Coolidge sent him to the hospital.

DROPS DEAD AT HOME DOOR.
Charles Beckman, 82 years old, 4318 West Adams street, a painter, dropped dead as he ascended the front steps of his home when he returned from work last night.

It's Moving Time!

Consider Your Office Furniture

Check up on the appearance of your present equipment. Picture your furniture in the new surroundings . . . is it appropriate? Does it reflect the character of your organization? Or does it seem shoddy, crude, out of keeping with the general spirit of your progressive business?

Modern ideas on office management and the systematized efficiency of present day business methods call for equipment that will aid and carry out the whole plan.

Horder's Office Furniture Exhibit

From Plain to "Period" Styles at Prices to Accommodate Every Office

at No. 7 store at Wabash and Lake is illustrative of the action we have taken in selecting from wide fields, equipment that is at once modern, efficient and time-saving. Here you will find on display the very latest in office furniture and equipment, including Dietz Decks, St. John's Tables, Johnson Chairs, "Berley" Steel Files and Furniture, Weis Wood Sections, G.W. Bookcases, etc. Attend this exhibit. Office layouts and our complete recommendations cheerfully made. Prompt deliveries from our large warehouse stock. Place your order now.

Fashion Lines

SILHOUETTE, with full, flaring skirts, is more feminine this season than it has been for ten years.

COLORS, blues, wine reds, brilliant red for evening, navy, browns and tans—ever-attractive black.

FABRICS, supple Velvets, Crepes, Satins for Frocks, adding moires, lames, tulle, morganette in the lists of Evening Gowns.

COATS, straight or flaring in line, reveal in great colors, cuts and bandings of luxurious furs.

FALL Fashion makes of Woman a creature of luxury, an elegant of refinement. So says Jean Patou of Paris. And Mandel's agrees—with an Exposition of everything that is new, smart and lovely in Apparel . . . Princess lines, 1880 silhouette, exquisite fabrics, rich colorings for afternoon and evening . . . sports clothes alone remain discreetly simple. Truly—it marks a trend, a return to the Grand Tradition!

Fall Fashions fill Mandel's Windows, too, and the Store is lovely in its Fall Dress

SMITH CAMPAIGN NOVELTIES DRUG ON HOME MARKET

Prices Cut When Supply Outruns Demand.

BY TOM PETTEY.

[Chicago Tribune Press Service.]
New York, Sept. 24.—[Special.]—The sons of Barnum are "doing their bit" to win the presidential election for both Smith and Hoover. The sidewalk spellbinders and peddlers as well as the legitimate novelty dealers of Manhattan are going in for campaign

knick-knacks in a big way—too big a way, some of them fear. To remedy this they have begun to cut the price for Al.

One can walk into most any novelty shop or drug store on Broadway and see Al Smith in a brown derby or a silk hat standing out in bold relief on a golden plaque. Facing Al across the counter will be seen his rival, Herbert Hoover, done in soberer gunmetal, his smile less golden but just as evident.

Question of Demand.

The thing that has set the novelty dealers thinking is the problem of supply and demand. Being in New York, their supply of Smith novelties is greater than their supply of Hoover novelties, but Al's supporters, they feel are not rallying to the cause as spiritedly as they should.

Today a sign graces Al's derby crowned head: "Formerly \$2, now 98 cents." Across the shelf Hoover continues to smile his best at the regulation price of \$1.50. Whether the "now 98 cents" sign is an omen, the dealers decline to predict.

If slogans don't win the election, then "fifty million novelties can go wrong," and a lot of manufacturers will be mistaken. The clever, snappy,

and original idea of a campaign hat occurred to a score of manufacturers at the same moment. Some of the hats are billed, "Clever, snappy slogans on each hat. The smartest presidential campaign novelty ever put on the market." But the "snappy" promise fails of realization.

Some of the "Snappy" Ones.
Here are some of the election winning slogans:
"Al Smith suits me," "All for Hoover," "All for Al," "Hurrah for Hoover," "Al's my pal," "Just a sort of a brilliantly clever and highly original balance between both candidates—no partisanship shown."

In the way of novelties one can pick up the following on any Broadway corner:
Enameled donkey and elephant pins with 1928 stamped on their back.
Al Smith gun, "the year's sensation, with Al's photo on every stick."
Smith and Hoover sofa pillows.
"They wear well."

Automobile flash holders. "You pick the winner."
Presidential steins. "They hold a pint."
Miniature handbags, "Hoover to the White House via People's express."

COOLIDGE AND HIS CABINET TO STUDY NAVY NOTE TODAY

[Chicago Tribune Press Service.]

Washington, D. C., Sept. 24.—[Special.]—Dispatch of the American notes outlining this country's reaction to the naval limitations proposals in the Anglo-French compromise agreement was held up today pending scrutiny of the communications by President Coolidge and his cabinet tomorrow.

Secretary of State Kellogg discussed the documents today with Secretary of the Navy Wilbur, Admiral Charles F. Hughes, chief of naval operations; Rear Admiral Andrew T. Long, and Rear Admiral Hilary P. Jones, retired. Later it was learned that Great Britain has supplied the state department with explanatory information re-

garding the terms of the Anglo-French agreement. This new information coupled with the summary of the agreement received several weeks ago is said to have given the administration a sufficient understanding of the naval sections of the pact to warrant the sending of a reply.

Washington officials still are at a loss to understand why Great Britain should again suggest to the United States that it agree to a naval limitation plan, under which only ships wanted by the United States would be limited.

In some quarters the sincerity of the naval disarmament ambitions of France and England is questioned.

M. F. Blackmon, U. S.

Official Here, Transferred

Myron F. Blackmon, chief of the bureau of investigation of the department of justice for this district, yesterday received notice that he has been transferred to the office at Buffalo, N. Y., where he was stationed before his removal here two years ago. E. J. Connelley, formerly head of the bureau at Seattle, Wash., will take charge of the work here.

NORTHCOTT, HELD FORBOY MURDERS, ACCUSES NIECE

(Pictures on back page.)

VANCOUVER, B. C., Sept. 24.—(P)—Gordon Stewart Northcott, 21, indicted in Riverside county, California, on charges of murdering four boys on his chicken ranch there, issued a written statement from his jail cell here today in which he accused his niece, Jessie Clark, of fabricating the "murder farm" charges on which the indictments are based.

Northcott also defied the authorities in his statement, criticized his father, Cyrus Northcott, who corroborated the charges, and called Sanford Clark, his nephew, who "started" the charges, "a lazy, stupid boy, half cracked from reading too many detective thrillers and seeing too many wild west movies." At Northcott's request a Roman Catholic priest visited him today.

Mrs. Sarah Louise Northcott, the boy's mother, jointly charged with the Riverside murders, was still being held in Calgary today.

Washes Clean of All Stains, Grease, Dirt

HOCKADAY

Washable Interior Enamel

Ordinary soap and water saves the expense and bother of redecorating if your walls are HOCKADAY enameled. Dirt, match scratches, finger marks, grease, unsightly stains of all kinds can be washed off again and again without dulling or scratching HOCKADAY'S original beauty. Cleans as easily as a china dish.

Easy to Apply—Comes Ready-Mixed

Now offered for home use in all the popular shades and colors—ready mixed—ready to apply. Now you can enamel your own kitchen, hall or bathroom with the genuine HOCKADAY WASHABLE ENAMEL that is specified and used in the country's largest buildings. Anyone can apply it easily and quickly. No undercoat, no sizing necessary. Brushes smoothly and evenly and the soft egg-shell finish will thoroughly cover any surface.

Costs Only 1c a Square Foot

Consider not only the low initial cost of this famous WASHABLE enamel (less than 1c a square foot) but also its amazing economy after it is on the walls. Heat, cold or dampness will not affect it. Lasts two or three times longer than ordinary enamel. Retains its newness and brightness for years even with repeated washings and scrubbing.

See It Demonstrated

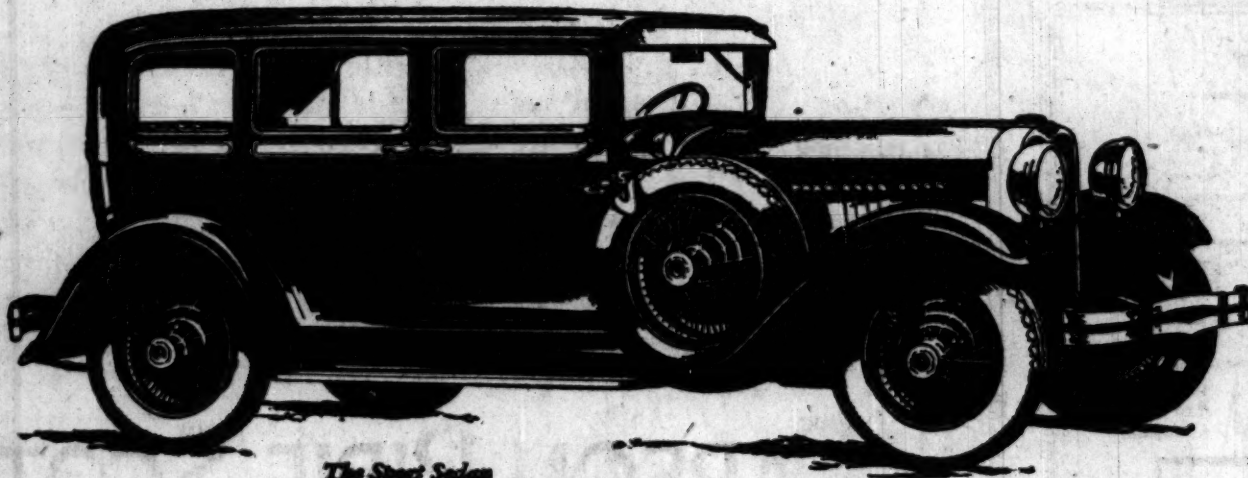

Drop into the paint or hardware store in your neighborhood and see the most remarkable demonstration ever made on enamel. See for yourself match scratches, grease, yes, even iodine smeared on a HOCKADAY enameled surface. Then watch the enamel made new and clean again—see the stains washed off. No obligation to buy—just ask your dealer today for the free Hockaday demonstration.

DODGE BROTHERS NEW VICTORY SIX

A Car of Striking Originality Now More Luxurious and Comfortable Than Ever

The Sport Sedan

NINE distinctive new body styles advance Victory smartness and luxury to still higher levels.

All dimensions that affect the comfort of passengers are now more generous still. Bigger bodies, wider doors, greater head room, increased vision and extra broad, luxurious, deeply-tufted seats, reveal the sweeping nature of these latest Victory refinements.

There is a rakish new sweep to the lines—a dashing new flare to the fenders—an arresting new massiveness in the height and breadth of the hood.

Add to all these the far-famed originality of Victory design—

Body mounted directly on the chassis without sills, materially lowering the center of gravity and increasing the head room. Chassis the full width of the body, eliminating body overhang and sidesway.

These and many other revolutionary features result in a character of roadability, performance, interior comfort and beauty of line that is utterly unique, superior and exclusive to Dodge Brothers brilliant Victory Six.

JUDGE THOMPSON CAMPAIGNS IN BOYHOOD HOME

Visits Old Schoolhouse in
Carlinville.

LEVERING CARTWRIGHT,
Chicago Tribune Press Service.]

Carlinville, Ill., Sept. 24.—[Special.]
Judge E. Thompson, Democratic
candidate for governor, turned associa-
te of his boyhood days into votes
at Carlinville, where he attend-
ed school back in 1898 and 1899 while
living on the old Mounts farm north of
the town.

The old fellow in a blue shirt was
called as a sure Thompson vote when
he stepped to the platform and
said, "Well, I guess you know who
I am. Don't you, Judge?" to which the
audience replied, "Why, sure. You're
the fellow who used to feed me chew-
ing tobacco to see whether it would
make me sick."

Judge Thompson visited the Apple
Grove country schoolhouse, where he
attended as a boy, and apparently
the vote of the young girl teacher,
Miss Anna Grove, was secured for
him as "Farmer" Thompson.
He was the only farmer's son in the
municipal school, and an aged
member of the community recollected
Thompson's rabbit hunting days.

Address Mass Meeting.
After winning these votes hands-
omely, Thompson addressed a meet-
ing of 500 townsfolk, farmers and min-
ers in the old Macopin county court-
house. He told the miners that he
would use his influence to protect
the products of Illinois mines, and that
he would burn nothing but Illinois
lignite in state institutions. He told the
farmers that the Democratic party
was the key to their prosperity, and
that he would direct the completion
of a primary and secondary highway
system and the widening of state roads
for the ready marketing of farm
products. He added that he would super-
intend the revision of the revenue
code and a change in their adminis-

NO MORE GOOD BEER, SO FAMOUS VEREIN QUITS AFTER 76 YEARS

Burlington, Wis., Sept. 24.—[Special.]—It's back broken by prohibition,
the Burlington Germania society, found-
ed in 1852, succumbed today when the
handful of remaining members met to
dissolve the society. Five living octo-
genarians of the society refused to re-
lease the minutes of the meetings,
which have been held continuously for
76 years, and which revealed that meet-
ing after meeting had quit because
the beer ran out.

Up to 1925, the society, founded for
singing and gymnastics, held annual
feasts that began at 5 p. m. and ended
with the rising sun. Their hall, built
for \$9,000 in 1872, today was appraised
at \$50,000, but a \$10,000 mortgage and
\$20,000 in debts face the dwindled mem-
bership. The ninety-five persons who
belonged to it in its heyday have been
reduced to 11.

The five octogenarians who are so
jealous of the society's minute book,
blame the passing of the 5 cent school-
er of beer and the arrival of 55 cent
glass of dubious brew for the death of
the society, whose 76 year reign wrote
a vivid chapter in the history of Wis-
consin's fraternal groups.

tration to relieve the small home owner
and farmer.

When Thompson warned to the
subject of the Republican state ticket
he, felt back on some colloquialism
that smelled of the soil and brought
guffaws from the appreciative audi-
ence.

Rips Into Emmerson.
"Last spring," he said, "we had
a great primary contest in the state.
You wanted a change. You demanded
a change, but afterwards you found
you had just swapped one old nag
for another old nag and got cheated
in a horse trade."

"Louis Emmerson was on the same
ticket with Small eight years ago and
four years ago. I don't agree with
Emmerson that he can give you the
change." Thompson also considered
critically the candidacy of Fred Ster-
ling, the Republican nominee for lieut-
enant-governor, an important office.
Judge Thompson explained informally,
because of Emmerson's "advancing
years."

"Now we come to Fred Sterling," the
candidate declared. "There's nothing
new about Fred. He was state treas-
urer in 1919 and 1920, and deposited
in the Grant Park State bank \$20-

000,000. We investigated this trans-
action and found that although there
was a town of Grant Park there was
no Grant Park State bank.

Still Under Indictment.

An indictment was returned against
Sterling for embezzlement and it has
been sleeping unprosecuted in Sang-
amon county for seven years. Why
you wouldn't hire a man to care for
your hogs who had been under indi-
cment for embezzlement for seven
years."

James A. Murphy, chairman of the
Democratic county committee, told
Thompson that for every vote that
is being lost in Macopin county be-
cause of religious feeling, two votes
are being made among farmers who
regard their pocketbooks solitously.
The miners in the county, he added,
are anti-Emmerson men, remembering
the charges that Emmerson is unfair
to union labor. The German farmers
are a bloc for Smith and Thompson,
it was reported.

AUTHOR ARTIST, ONCE CHICAGOAN, KILLS HIMSELF

New York, Sept. 24.—[P.]—Harold
Speakman, author and former army
officer, today shot and killed himself
in the ambulance driveway of Bellevue
hospital where he had been driven in
a taxicab. One of two notes found on
him said the writer had long been ill
and was about to meet a man "riding
a white horse" in the hereafter.

Speakman, who also was an artist,
studied at the Chicago Academy of
Fine Arts and in Munich and Paris.
During the world war he served as a
second lieutenant with the 322d regi-
ment. He saw service on the Italian
front and later in the Balkans.

Among his books are "Beyond
Shanghai," "Hilltops in Gallies," "This
Above All," and "Here's Ireland."
Speakman was 39 years old.

URGES CHICAGO SPEED FUND FOR STORMS' VICTIMS

Collection Still Slow, J. B. Forgan Says.

While messages describing conditions in the storm swept areas of the West Indies and Florida continued to arrive in Chicago yesterday, contributions to the relief fund being raised under the auspices of the Association of Commerce reached a total of \$39,475 towards a quota of \$300,000.

This showing was not regarded as encouraging by James B. Forgan, chairman of the Chicago chapter of the Red Cross, in view of the immediate necessity for relief funds repeatedly emphasized. The sum, however, does not include thousands of dollars sent to the radio stations in response to appeals and is exclusive of the amounts raised by the fifty-five trade divisions of the association.

Says Chicago Doesn't Fall.

"We have raised only 10 per cent of our quota," Mr. Forgan pointed out, "while several hundred thousand persons in Florida and the West Indies are awaiting our aid. Chicagoans never have fallen down in an emergency appeal by the sick and dying, and they must not fail to heed this call of a stricken people."

Stage people employed in the city at the present time were yesterday engaged in making plans for a mid-night benefit performance set for Thursday at the Selwyn theater, the proceeds to be turned over to the Red Cross for storm relief.

Gangster Helps Sufferers.

Meanwhile from Miami came news that Scarface Al Capone, Chicago gangster, had forwarded \$500 by telegraph, to be added to the relief fund there. Capone owns a palatial summer home in the vicinity.

Arriving here yesterday to discuss the promotion of closer trade relations between Florida and this vicinity, John A. J. Jr., mayor of Jacksonville, told of having made a tour of the devastated area just before departing for the north.

He is not here, he pointed out, to make an appeal for aid, but admitted, "we are in a receptive mood, and there is no question that we need it."

Yesterday's contributions included: \$1,500, Midwest Utilities company; \$1,000, Commonwealth Edison company; \$1,000, Peoples Gas Light and Coke company; \$775, Public Service Company of Northern Illinois; \$675, Midland Utilities company; \$450, Chicago Rapid Transit; \$400, Chicago Trust company; \$100, Chicago North Shore and Milwaukee; \$100, Ambrosia Candy company; G. H. Jones.

Two checks, one for \$10 from Mrs. Morris Strauss, and one for \$5 from H. J. Heide, were received at The Tribune office to be forwarded to the Red Cross.

JAMES L. STACK LEAVES SICKBED TO WED EX-WIFE

James Langford Stack, millionaire sportsman and advertising executive, formerly of Wheaton, Ill., rose from a sickbed yesterday in his Los Angeles home and was remarried to Mrs. Elizabeth Wood Stack, Chicago opera singer, who seven years ago divorced him.

Judge William Frederickson, a family friend, performed the ceremony in a living room, where Mrs. Stack, their two sons, Mack Sennett, the movie producer, and four other friends awaited as Mr. Stack descended from his bedroom. A physician and nurse attended him to his wife's side.

Mr. Stack is 66 and his wife 36 years old. On account of his health the second honeymoon will be deferred.

RICH MEN WORK AS TRUCKMEN TO DIG FLORIDA OUT

BULLETIN.

West Palm Beach, Fla., Sept. 24.—(AP)—Dr. E. D. Clawson, head of the Red Cross medical relief committee here tonight, placed the death list from the hurricane in Florida at more than 2,300 persons.

West Palm Beach, Fla., Sept. 24.—(AP)—Wealthy residents of the Palm Beach Gold Coast today were toiling as truckmen in the work of relieving the hurricane ravaged area, many of them driving their own cars. Evacuation of some refugees continued as lines of communication gradually were opened. Radio communication was established to Belle Glade today, but no

QUANTITY OR QUALITY?

NO MATTER how much vanilla you use, the saving in cost between cheap kinds and the best amounts to only a few pennies in a year. Is this amount worth saving when true vanilla makes puddings, cakes and ice creams so much more delicious? Price's Vanilla cannot be excelled in purity, strength or flavor.

PRICE'S VANILLA

telephone and telegraph wires were working into the area.

A. L. Schafer, director of disaster relief for the National Red Cross, went into the Everglades with Dr. William DeKleina, medical officer of the national organization, and John Hendricks, also of national headquarters, to survey the ruin reported in the Pelican bay district.

Death List to Dispute.

Schafer held his estimate of the known dead at 1,300 persons, but Howard W. Selby, a chairman of the Palm Beach county Red Cross committee, announced again today that surveys of casualties completed for him by O. C. Geiger, one of his workers, showed a total of 2,300 persons. Other official estimates varied from 1,500 to 3,000, the latter figure wired to President Coolidge by business men of Okeechobee City.

After personal surveys of the situation at Belle Glade, Pahokee, and near Okeechobee city, Gov. John W. Martin telegraphed the state drainage board to inspect the lake shore near

Okeechobee with the view of restoring the dikes broken during the hurricane.

Fletcher Asks U. S. Action.

Declaring that control of Lake Okeechobee is an urgent federal problem, Senator Duncan U. Fletcher at Tampa said that steps will be taken at once to solve the matter.

Senator Fletcher said that disaster could be minimized through control of the streams emptying into the lake.

Five Mexican Villages Swept Away in Flood

[Chicago Tribune Press Service.]
MEXICO CITY, Sept. 24.—Five villages in the state of Coahuila were swept away by floods caused by the continuous rains in the last five days. Many lives were lost and cattle destroyed. Communication between Guadalupe, Mexico City and Colima are broken. Washouts today cut off railway traffic between Vera Cruz and Mexico City.

TRAPPED BY FIRE, MADRID VICTIMS TAKE OWN LIVES

Find Many with Own
Knives in Breasts.

MADRID, Spain, Sept. 24.—(U.P.)—The fire which broke out near the end of the performance last night, took the lives of at least 70 persons, according to an official count tonight. Probably 250 more were injured, some critically, in the panic rush for exits.

At the toll of death had been steadily increased as flames plunged through the still burning wreckage. With each hour new details of the terrible struggle were added by the discovery of more bodies, by the sight of stiff hands still gripping knives, by the finding of bullet wounds in lifeless bodies. Some of the victims—men and women and children—had shot themselves rather than wait for the flames, police said.

Others were found with knives still pressed in their hands, indicating a futile attempt to fight their way through the jammed exits.

Cabinet Plans Relief.
King Alfonso and other members of the royal family sent telegrams asking for reports of the tragedy and the cabinet will hold a special meeting Wednesday to take relief measures for the stricken families.

A committee has been organized to care for the children orphaned by the disaster. Cafes and bars in the neighborhood will ban music for two days of mourning.

Details of the tragedy were given today by some of the spectators who escaped.

A misunderstanding of orders caused the rapid spread of flames, according to the stage director at the theater. The fire broke out when a lantern used in the decorations exploded back stage. The scenery was ordered lit but instead was lowered into the flames and caught fire instantly.

Actor Saves Five.
Most of the actors fled through windows and back doors. The actor, Labra, carried his wife and daughter and rushed back into the fire to rescue three other persons.

There was a moment of shocked silence in the audience and then the rush for exits. Those who escaped found it impossible to describe the terror of the struggle. In the midst of the worst fire the main balcony stairway collapsed, dropping scores of persons into the scrambling mass on the lower floor.

Outside, the first fireman to reach the scene battled madly to carry survivors through the doors. Most of the victims died of asphyxiation or were crushed in the struggle but some of them were burned to death.

Jose Burriel, manager of the theater, was on the stage when the fire started. "It burned with such speed that the orchestra seats were on fire within two minutes," he said. "I estimated that there were 1,000 people in the theater. If it had been a capacity audience of 1,800 a holocaust would have resulted."

Wife Sues Husband to End Business Partnership

Mrs. Ruth Anderson, 7526 South Pershing street, filed suit yesterday against her estranged husband, Arthur, not asking for a divorce or separate maintenance, but for a dissolution of their business partnership. Her bill, prepared by Attorney Benjamin H. Ehrlich, says when they were married in 1923 they pooled their assets and started a string of filling stations. They separated in June of this year, according to the pleading.

'SCULPTURAL LICENSE' IS RESPONSIBLE FOR THAT AIR HAMMER

"Sculptural license." That is the answer of Henry Hering, New York sculptor, to critics of the pneumatic air hammer which he chiseled in the hands of a workman on the southeast tower of the Michigan boulevard bridge. The figure is one of a group depicting the reconstruction of Chicago after the fire of 1871, long before air hammers were invented.

Interviewed in New York yesterday, Mr. Hering said he committed the anachronism knowingly, fully aware that somebody would rise sooner or later and point out that the riveter is too modern.

"It really does not matter," he insisted. "The figure is symbolic—meant to depict the spirit of work. I am not at all concerned about the fact that the hammer was not invented until a quarter of a century after the era shown. The sculptor has, or should have, the same license or latitude as the poet."

"You might as well tell me there were no angels in Chicago at the time such as the one I placed at the top of the design, or that the general in my other group has one button on three buttons too many on his coat. I'm not at all excited, not in the least. It does not matter—really."

YANKEE TELLS OF CAPTURE BY MEXICAN BANDITS

Captors Say Money Goes
to Aid Revolt.

BY JOHN CORNYN.

MEXICO CITY, Sept. 24.—After paying \$10,000 ransom to Mexican rebels and spending three weeks in captivity in a bandit cave in the mountains of the state of Nayarit, E. J. Bumsted, said to be an American mining engineer from Los Angeles, Cal., reported to the American embassy today.

Mr. Bumsted said his captors treated him well, sharing their small amount of provisions with him. They told him they were Catholic rebel forces and kidnapped him to get money, through the ransom, to carry on the Catholic fight.

Ransom of \$17,500 was originally

asked. While he was bargaining over the ransom his captors got exceedingly impatient.

Four Federal Troops.
"It looked as if I might be bumped off at any moment," Mr. Bumsted said. "I was in great fear that the federal troops would be sent in pursuit of the rebels, in which case I would be assassinated. I determined to escape should I learn that the troops were in pursuit, but fortunately those handling the ransom acted with great discretion, and no military move was made against the rebels until my release."

"My captors were a curious gang. They held religious services every day. We were frequently on the move, but the daily religious services were held. Ultimately two men appeared carrying the ransom money, and I was immediately released."

Ranchman Is Held.
MEXICO CITY, Sept. 24.—(U.P.)—Reports from Tepic, state of Nayarit, say that bandits kidnaped Rito Vallin, owner of a ranch, and are holding him for \$1,000 ransom.

El Universal expressed the belief that an attack staged by twenty-five bandits on the village of Huatlalac, midway between Mexico City and Cuernavaca, was directed against Dwight W. Morrow, American ambassador.

Mr. Morrow, who was spending the week-end at his new residence in Cuernavaca, arrived in Huatlalac after the bandits had been driven off and proceeded to Mexico City, arriving there safely.

COUNTY VOTES \$13,203 TO 'OPEN WAY TO AIRPORT

The county board yesterday voted \$13,203.72 to pay for the moving of trolley poles to the center of Cicero avenue between Archer avenue and 53d street. As a result of this action, this mile link in the paved route to the Municipal airport will be concreted before Nov. 1, it was announced.

The county and the street car company have been negotiating over the moving of the poles for two years. In the final agreement, \$11,841 of the appropriation is to pay for the transit company's new iron poles in the center of the street. Commissioner Louis Nettelhorst, in voting for the appropriation, described the \$11,841 item as a "steal" by the street car company and added that he approved the appropriation only because the improvement was a public necessity and the transit people "refused to cooperate in a reasonable agreement."

1,289 in Downers Grove Object to Sewage Plant

Attorney Irving Rooks, representing the Downers Grove Taxpayers' association, yesterday filed the objections of 1,289 individuals opposed to the \$425,000 sewage disposal plant proposed by the town's sanitary trustees. The objections were filed before County Judge S. L. Rathje at Woodstock, before whom the taxpayers' association brought an assessment suit.

GRECO-ITALIAN PACT HAS JOINT DEFENSE CLAUSE

Each Promises Diplomatic
Aid in Other's Wars.

ROME, Sept. 24.—(AP)—Text of the treaty between Italy and Greece, which was signed yesterday by Premier Venizelos and Mussolini, was given out today. The pact, called a treaty of friendship, cordiality, and arbitration, provides an elaborate procedure for the conciliation of any differences which may arise between the two countries. The first part of the treaty is concerned with questions of security and reads:

established by the treaties of peace of which they are both signatories and also for the respect and carrying out of the obligations stipulated in the said treaties.

Must Observe Neutrality.

"2. In case one of the high contracting parties should be the object of an unprovoked aggression on the part of one or more powers, the other party engages itself to observe neutrality during all the duration of the conflict.

"3. In the case the security and the interests of one of the high contracting parties should be menaced by violent invasions from the outside the other party engages to take political and diplomatic steps to the end that the cause of these menaces be removed.

"4. In case of international complications, if the two high contracting parties are in agreement that their common interests are, or may be, menaced they engage to discuss together measures to be taken in common for their safeguarding.

Duce Asserts Pacific Policies.

In a cabinet meeting mainly devoted to foreign affairs, Premier Mussolini today emphasized the "inmate pacific character" of Italy's policy in the near East.

The treaty with Greece proved this, the premier declared, at the same time referring to the pact with Abyssinia.

The cabinet met to review the work of the various government depart-

ments during the summer recess and to hear the reports of Premier Mussolini who himself occupies the portfolio of foreign affairs, interior, war, navy, aeronautics, and corporations.

Alleviate Unemployment.

The premier described the internal situation as normal.

"All measures have been taken to alleviate seasonal unemployment with work of undoubted productive utility such as roads, irrigation and reclamation," said the premier.

"It appears from reports that all measures of an economic nature have had the most favorable repercussions especially among the rural population."

FLAT SHOULD BE WARM; CITY IS READY TO HELP

If you awakened this morning to find your apartment cold and no heat in the radiators, call the janitor and tell him to get busy. If he fails to do so, call the health department. This was the advice given yesterday by Health Commissioner A. H. Kegel. The department proposes to enforce the heating ordinance, Dr. Kegel declared. The ordinance requires that apartment and flat landlords furnish heat, maintaining a temperature of 60 degrees at 6:30 a. m., 65 degrees at 7:30 a. m., and 68 degrees from 8:30 a. m. to 10:30 p. m.

LOOTERS OF HOME OF VANDERBILT NABBED IN PARIS

Police Declare \$100,000
Was Stolen by Gang.

(Chicago Tribune From Service.) PARIS, Sept. 24.—The band of burglars responsible for a score of big robberies in Paris in the last few months, including the homes of Mrs. W. K. Vanderbilt, George Hayland, chinaware manufacturer, and the Czechoslovakian legation, was rounded up today by the police. The leader, Milan Djoritch, Serbian, made a full confession, saying that he carried out the daring burglaries alone while his eight accomplices, also Serbians, merely helped in disposing of the \$100,000 worth of loot. Agents Reveal Chief. Djoritch, together with his lieutenant

and another member of the band, were captured after a violent struggle in a café, where they were surprised while taking an after lunch cognac. Their discovery resulted from a piece of luck that befell two detectives whose suspicions were aroused at seeing a couple of shabbily dressed men selling valuable jewels in a suburban jewelry store. When questioned by the detectives the men claimed they were selling the jewels for an agent, while the latter, when arrested, named Djoritch and his associates.

Activities Widespread.

The police believe the capture of Djoritch and his partners breaks up the most important ring of crooks in France. It appears almost certain that the Serbians were responsible for a number of thefts at Deauville, on the Riviera and in other fashionable resorts.

The bandit leader, who is aquint-eyed, explained that he wore a mask because otherwise he would be too easily identified. He said he carried out the big jobs alone because the rest of the gang were "only dumb peasants who were likely to swipe pictures and other junk hard to dispose of."

TAKEN POISON, LEAPS IN LAKE.

Three policemen of the Hyde Park station yesterday rescued Mrs. A. R. Williams, colored, 36 years old, 4600 Evans avenue, from the piling of a pier at 15th street, where she had been clinging for an hour or more. She died, however, shortly after being taken to the Illinois Central hospital. She had taken poison before plunging into the lake.

NEVER before has it been possible to hear the deep, moving tones of the violas, cellos and bass violas. Now Splitdorf has pioneered in bringing them to you. The set purchased "yesterday"—dynamic speaker and all—fails to reproduce their rich tones and makes them sound as though from muted instruments. Dynamic speakers cannot transmit through tubes that lack handling power. The present-day Splitdorf, with its "250" HEAVY DUTY tube, now makes that power available. The new Splitdorf models, now being placed on the market, deliver seven times more power to their dynamic speakers than "yesterday's" 171-equipped radio sets. The Senior Splitdorf models embody

two oversized dynamic speakers and two HEAVY DUTY tubes. Fourteen times more power! You owe yourself the treat of listening to the Splitdorf—side by side with your own set. The remarkable difference in tone will amaze you. Take steps today to make this test. If you wish, your dealer will afford you the privilege of making a comparative test in your own home. Only your own ears can make you conscious of the tremendous advance the Splitdorf offers.

See your dealer. Make arrangements now to hear this new, yet permanent, development in radio—the deepest musical enjoyment you have ever known.

All models, except The Abbey, Jr., equipped with the "250" tube and phonograph jack.

ADVERTISE IN THE FIRST PAPER FIRST!

TODAY, CONFIDENCE IS THE PRIZED ASSET OF BUSINESS

DETROIT, more than any other single city, unknowingly sponsored what some have termed *This Restless Age*. Overnight, the motor car broadened man's living radius ten-fold, set up the consciousness of speed, conquered distance, engendered a spirit of change and helped to create a dizzily spinning, kaleidoscopic world whose only code is "what next?"

WITH science at the helm, the speed of travel has become so fast that no one can take his eyes off the road ahead for the fraction of a second. There is no telling whether it is opportunity or disaster that lies just around the corner. Survival is for those business men able to read quickly and correctly the signs that loom ahead. Ignorance and incompetence in such matters will be penalized more heavily in coming years than in the past. — FLOYD W. PARSONS in Advertising and Selling.

LOOKING at it from the sidelines and what do we find? 4,000,000 share stock days; flowers delivered in New York from 'Frisco with the bloom of California still fresh upon them; millions of dollars in cold cash and freight winging its way along the air lanes; voices dancing along a light beam are imprisoned in celluloid and become the "talking movie;" faces, checks, orders, drawings, advertisements swish through the air at 186,000 miles per second; ice from heat; liquid coal; transparent velvets coming out of forests; rolled hose or no hose; hatless collegians; the voices of kings, queens, "aces," "jacks" and presidents in the living room; trans-atlantic air passenger service in the offing; the railroad, the motor car and the airplane hitched together to annihilate time and distance—a vast symphony of the new where every hour brings its message of change, of the overthrow of markets and a new method of doing business through chemical reactions in a test tube.

WHAT is the business man to do when the challenge of change and competition is so sharp, so insistent, so provocative?

TODAY, MORE THAN EVER BEFORE, HIS MOST PRIZED ASSET IS CONFIDENCE.

AND in the Detroit market your most helpful ally in establishing this prized asset is The Detroit Free Press, with its ninety-seven year record of journalistic service as your background. Here is no staid, stolid, stupid confidence of tradition, but the trust and the belief of men and women who are not only a part of This Restless Age itself, but who, in this corner of the world, in every walk of life, are shaping some of its policies.

THE Detroit Free Press has circulation, like other newspapers; it prints news, like other newspapers; these are the cold,

mechanical factors that are tabulated into such things as A. B. C. reports, but beyond and above all these things, as important and as satisfactory as they are, is the little intangible god of belief and trust and confidence that all agate line salesmanship must today worship—the true prize of advertising endeavor, without which all else is "sounding brass."

ESTABLISH confidence—establish it in the Detroit market through The Detroit Free Press—in every other home in the market where this newspaper is daily read, used and believed, where competition may be met and business done, without any vast penalty of waste, either in the doing or the cost of doing.

"NO WORSE THAN A COLD!"

A falsehood that wrecks lives

VERY often victims of one form of "Social" Disease are told by well-meaning friends... "That's no worse than a bad cold. You can cure it yourself in no time."

If these misguided advisers only knew what harm they were doing by circulating this falsehood, there would be fewer young men who are physical wrecks, fewer mutilating operations performed on married women, fewer babies blinded at birth.

U.S. Senator Royal S. Copeland, former Health Commissioner of New York City, says: "Most men ignorantly regard an attack of this disease as little worse than a cold. What they don't know is that it ravages and wrecks the constitution, debilitates every vital force in a man's body, and leaves him in a condition that is likely to put him on the scrap heap while still young."

Any young man who contracts this disease and takes the word of a friend that "It's nothing to worry about...you can cure it yourself" may very easily become sterile and develop such afflictions as crippling rheumatism, serious kidney, bladder and other

urinary disturbances, accidental infection of the eyes that may result in blindness, and even heart disease!

Unless promptly and properly treated, this form of "Social" Disease not only wrecks the lives of men but frequently is transmitted to innocent wives and children. It is responsible for fully 80% of the pelvic operations on married women and has blinded thousands of infants at birth.

Self treatment with patent medicines or borrowed prescriptions cannot cure this disease. Therefore, if you have the misfortune to become infected, do not listen to misinformed friends but go at once to your family physician or come to the Public Health Institute.

Organized NOT FOR PROFIT, the Public Health Institute offers the best of medical treatment at fees that even the smallest wage earner can

afford. Hours are from 10 A. M. to 8 P. M. daily except Sunday, permitting you to be treated during your lunch hour, after work or in the evening.

When reliable treatment can be had so economically and conveniently, why run the risk of wrecking your life by resorting to self treatment?

Women and Children

A special department exclusively for women and children, with men and women physicians in attendance, is located at 72 E. Randolph St. Every facility is provided here for effective treatment, and the utmost privacy with the highest degree of comfort is assured.

SOUTH CAROLINA TO TEST MAROON GRIDIRON HOPES

Southerners Open Season
Here Saturday.

BY WALTER ECKERSALL.

Several prominent college football teams will play their opening games on Saturday. Those which have no contests scheduled will spend the day preparing for battles on Oct. 6, the official opening day of the 1928 season. The game between Chicago and South Carolina on Stagg field holds major interest for Chicagoans. Thousands will head for the south side gridiron to take a look at Coach Stagg's eleven and determine for themselves the possibilities of the team which will try to win the Western conference championship. Last year the veteran Maroon coach showed the football world he knows a thing or two about the open style of play. The forward pass was used extensively and Stagg showed more success with the lateral pass than most coaches. If the Old Man has the players to carry out his ideas and execute the formations with proper deception and timing, Chicago will have a dangerous overland attack.

Indiana Meets Wabash.

Little is known of South Carolina except that it has been preparing for this struggle for over three weeks. The southern eleven should be advanced far enough to give the Maroons a test. Although Chicago will have had only two weeks of practice, Stagg can be depended upon to place a fairly well drilled eleven on the field.

Indiana, which has brighter prospects than usual, will open its season against Wabash at Bloomington, Ind. Wabash, known as the Little Giants, is respected for its ability to round into shape early. Notre Dame, following its mediocre showing against the freshmen last Saturday, will tackle Loyola of New Orleans at South Bend. Coach Rockne saw glaring faults in the freshman struggle, but most of these will be corrected before Saturday. As Notre Dame meets Wisconsin on Oct. 6, one week before the Navy battle on Soldier's field, Notre Dame must show something to expect victories over the Badgers and Middles. Loyola will come north in midseason form, and Stagg cannot expect to win unless its fumbling is overcome, the tackling and blocking improved and the offensive play polished.

Penn Plays Ursinus.

Several eastern eleven have games scheduled for Saturday. Pennsylvania will play Ursinus at Philadelphia. Dartmouth will clash with Norwich at Hanover. Cornell will meet Clarkson at Ithaca. The Army will enter into its season at West Point, and the Navy will tackle Davis and Elms at Annapolis. Yale, Harvard, and Princeton will not open their seasons until Oct. 6.

MOON MULLINS—MY, HOW EMMY'S EARS MUST BURN

HOW TO PLAY FOOTBALL

BY WALTER ECKERSALL.

Article IX.

KICKING AND CATCHING PUNTS.

Punting and field goal kicking have been features of football since the game first was played. Many a struggle has been decided by a well directed drop or place kick, while punting often has placed eleven within scoring distance. There's an old saying that genius is 99 per cent perspiration, and this can well be applied to kickers. Constant practice is essential. Kickers should take an interest in their specialty and try to get out for practice before other members of the squad. Punters should practice kicking away from the catchers. They should attempt to place the ball in one side or corner of the field so that it will roll out of bounds. As soon as the punter gets away his kick he should shout right or left to other members of his team so they can cover quickly.

Punters are coached differently regarding the distance to stand behind the scrimmage line. It ranges from eight to twelve yards. If the punter uses his right foot he should have

LOYOLA PRIMES FOR MILLIKIN IN LONG DRILL

The longest practice session of the year marked the Loyola university football drill yesterday with scrimmage topping off the program. Coach Kiley also stressed defensive tactics. The squad was put through its paces in blocking and tackling, with all of the men except those on the injured list taking an active part at the tackling dummy.

Few plays are expected to be in the repertoire of the Ramblers when they meet Millikin Saturday.

GREAT PUNTER

HARRY KIPKE.

two protecting backs on that side. The protecting backs should drive opponents to the outside, while the five center offensive linemen should play a tight line. Practice will eliminate the necessity of a kicker placing the ball in his hands before he drops it. Practice will enable him to give the ball a slight twist so that his foot will meet it squarely.

When field goals are attempted the ends assist in blocking. The offensive guards should lock legs with their center and all the forwards should protect the inside holes. Ends and protecting backs should be sure to drive the blockers to the outside. The kicking team should not permit a member of the defending eleven to crash through the line between the two tackles.

A place kick is made by having one member of the team hold the ball while another kicks it as the oval

rests on the ground. A drop kick is made by kicking the ball the moment it rises from the ground. A drop kick can be made by meeting the oval with the toe or instep. If the toe is used the ball should be dropped straight down on one end. If the kick is made with the instep the ball should be tilted backward when it strikes the ground.

Punt catching is becoming a lost art. Not many years ago it was considered poor policy to let the ball strike the ground. Coaches instructed their players to allow the ball to roll dead if they were not sure of catching it, because the kicking team could recover and score a touchdown. The rule this year has been changed and should encourage the catching of punts. If the ball is fumbled and recovered by the kicking team it is dead at the point of recovery. The receiving team, however, may run with it.

Practice will make a sure punt catcher. A spiral punt has a definite direction and can be easily judged. The end over end kind have no definite direction and are harder to catch. Receivers always must make allowances for air currents and the wind. It is good policy to lay back of the kick a trifle so that it can be caught on the dead run forward. This method often tends to make the ends of the kicking team overrun the catcher. If possible the kickers should practice under fire with an opposing eleven trying to crash through to block. In this manner the kickers will gain confidence and learn just how much time to allow in getting the kick away.

Harry Kipke of Michigan was one of the best punters I ever have seen. He could place his kicks accurately and seldom made poor punts. Charley Brickley of Harvard was a great field goal kicker.

(Copyright, 1928: By The Chicago Tribune.)

Wiggins Boxes Byrne Tonight at Hippodrome

Chuck Wiggins of Indianapolis, the heavyweight who stopped the winning streak of Les Marriner, and Jimmy Byrne of Louisville, Ky., will be the principals in the windup of Promoter Jack Art's boxing show tonight at the Hippodrome. Clark street and Lawrence avenue. They will box ten rounds to a decision.

Wiggins gave a clever exhibition of ring generalship when he beat Marriner. He forced the former Illinois football player to wear himself out by pulling away from clinches. Byrne lost a six round decision to Wiggins in one of the preliminaries to the Tunney-Dempsey fight in Chicago last September. Jimmy has engaged in a ten round no decision fight with Young Stribling, boxed a draw with Joe Sekyra, and defeated Tiny Jack Herman, Benny Touchstone, and Neil Clabby.

Jack McCarthy, the west side welterweight, and Bobby La Salle of California will clash in the ten round semi-windup. The other fights will be between Jack Monroe and Ernie Owens, Joe Corrado and Cecil Hurt, Willie Pelligrini and Harry Fierro, and Joe Young and Johnny Murphy.

Ducks Are Plentiful, So Bob Has Day of Real Sport

BY BOB BECKER.

[Chicago Tribune Press Service.] Upper Illinois River, Sept. 24.—A number of blue winged entries in the great waterfowl migration "air Derby" made forced landings this morning down here at the edge of our duck hunting grounds. It has been a great day in the marsh because the blue wing teal, the boys who lead the waterfowl parade southward, were zipping over their air lines at breakneck speed and the job of spraying shot at these feathered cannon balls was no end of fun.

The teal migration apparently has reached its peak. The Derby entries have come down from the north in large numbers and there were birds galore on our pond this morning. And keeping the teal company were many other varieties of ducks. In fact, it was over.

has been some time since we have seen such a September waterfowl parade as we saw from our blind this morning. All the puddler ducks seem to be on the job.

The mallards were fussing around our end of the pond at sunrise. Bill Hart delivered a broadside and three greenheads smacked the water. Then the teal showed us how to burn up the ozone as they banked and skidded around the corners of our decoy set. A little later a bunch of widgones swung in. The pintails, wary as usual, didn't play with us much, but one came in with a mixed flock and stayed with us. We looked for the shovelers, or spoonbills, and they didn't disappoint us. Then, to complete the variety, rail, yellowlegs, and a handful of coots flew down the pond before the morning was over.

Pro Tennis Tourney Opens Today at Forest Hills

New York Sept. 24.—[Special.]—Vincent Richards of New York, former American Davis cup player, will open the first professional champion-

ship tennis tournament staged by the newly organized Professional Lawn Tennis Association of the United States when he meets Vladimir Tereft of Russia tomorrow at Forest Hills. There are 30 contenders for the title.

U. S. POLO TEAM SHAKEN UP FOR TITLE MATCHES

Sanford, Guest in New
Lineup.

New York, Sept. 24.—[Special.]—There is a new United States polo team for the series to be opened Saturday against Argentina for the championship of the Americas. Stephen Sanford will be at No. 1 and Winston F. C. Guest at back. At No. 2 and No. 3 will remain the veterans of international play, Thomas Hitchcock Jr. and Malcolm Stevenson.

This was made known late today by Louis E. Stoddard, chairman of the defense committee, in a terse statement given out in the name of the committee. This statement follows:

"In view of the developments of the last two weeks, the defense committee of the United States Polo association has decided to change the lineup of the United States team for the first match of the championship of the Americas. This team will play the last practice match tomorrow at Piping Rock. The sides will be as follows: United States—Stephen Sanford, Thomas Hitchcock Jr., Malcolm Stevenson, Winston Guest; Blues—W. A. Harriman, E. A. S. Hopping, E. W. Hopping, Capt. Peter P. Rodes."

McTigue-Griffith Bout

Postponed to Thursday

Because of the cold weather Promoter Mike Malloy postponed the boxing show scheduled last night at Midway Gardens until Thursday night. Mike McTigue, former world's light heavyweight champion, and Tuffy Griffith of Sioux City, Ia., principals in the windup, immediately resumed training. The original card of bouts will stand, according to the promoter.

Mandell-Goodrich Fight at Detroit Postponed; Rain

Flint Mich., Sept. 24.—[4P]—The ten-round boxing contest between Sammy Mandell, light weight champion and Jimmy Goodrich of Buffalo, former title-holder, scheduled for tonight was postponed until tomorrow night on account of rain. The bout is to be held in a local ball park.

DUTCH MASTERS

REG. U.S. PAT. OFF.

This week . . on the Broadway Limited Boneless Chicken Pie with Mushrooms

IMAGINE a plump chicken cooked along with a pert, fragrant onion, a young carrot like a golden cornucopia of delicate flavor, and celery, crisp and succulent.

Think of fresh mushrooms, cooked with butter and a few stimulating drops of lemon juice. Crisp bacon. Firm white potatoes.

Picture a savory sauce of butter and flour and fresh chicken broth, seasoned with lemon.

And then imagine the meat of that young, juicy chicken imprisoned

steaming hot along with that sauce and those flavorful mushrooms and bacon and potatoes, under a flaky golden crust that fairly melts in your mouth!

That is Chicken Pie Pennsylvania. It is only one of the dishes that is making the Pennsylvania diners more popular every day. You can have it—or one of the many others—on the Broadway Limited this week and on other Pennsylvania trains.

Boneless Chicken Pie Pennsylvania. It's a dish for an epicure!

CHICAGO SHARE AS AUTO BUILDER IS UNDERRATED

BY HARPER LEECH.

Chicago has so long had the habit of saying that Detroit beat us in the automobile industry that we ordinarily overlook the very considerable slice of that industry, in one or another of its stages, that we possess, to say nothing of the importance of the Chicago metropolitan district as a source of steel and other basic materials for motor manufacture.

The existing figures on the motor trade here are unsatisfactory and probably do not indicate the extent to which some phases of automobile manufacture are carried on here.

For instance, we had in 1925 an output of \$225,021,281 worth of electrical machinery, apparatus, and supplies. Western Electric has made magnetos and other things for many lines of automobiles. How much of such work has been segregated from the above total and assigned to automobile or automobile parts manufacture in the manufacturing census?

It would be a good civic stroke for Chicago to get back of the forthcoming 1927 manufacturing census and find out more about our various outputs than the census figures disclose.

In a general way we know that the city's importance in the motor industry is very great—it is only necessary to recall a few corporate names such as Stewart-Warner, Belden, or Borg & Beck to realize that—or to take a look at the Ford assembly plant. The manufacturing census of 1925 credited Chicago automobile manufacturing plants with an output valued at \$70,146,444, and the distribution census of Chicago in 1926 gave the sales of automobiles here at wholesale as \$143,499,000. This is a hint of the large percentage of motor cars sold here which are manufactured to some extent in the city or its environs.

Only the other day, when Ford began a big speeding up of production and let three important contracts for parts and materials, a large share of the manufacturing activity entailed came to the Chicago metropolitan district.

The 1925 census listed 113 manufacturing plants in the metropolitan district engaged in the production of motor vehicle bodies and parts, with 4,556 workers and an annual output of \$121,638,615, and 20 plants making motor vehicles, other than motorcycles, with 5,092 employees and an output of \$72,421,371. This output of nearly 1,000,000 cars per year is itself a major industry, but does it really measure Chicago's participation in the manufacture and equipment of automobiles?

Foreign Oil Group Plans

The Production of Nitrogen

(Chicago Tribune Press Service.)
THE HAGUE, Sept. 24.—Sir Henri Deterding, head of the Royal Dutch and Shell, together with the Royal Dutch Petroleum company, will erect at Ymuiden, the seaport of Amsterdam, a large factory for the production of nitrogen. Sir Henri adds that the production of nitrogen is a logical development of the oil industry.

R. K. Weber New President

of Mt. Vernon Car Mfg. Co.

Mount Vernon, Ill., Sept. 24.—(Special.)—At a meeting of the directors of the Mount Vernon Car Manufacturing company, Ralph K. Weber was elected president to succeed the late W. C. Arthur, for twenty years president. H. E. Curt was elected vice president. The plant in normal times employs 2,000 to 2,500 men.

RAW SILK

NEW YORK, Sept. 24.—(AP)—Raw silk futures closed steady. Sales 140 bales. Open market quotations (city duty basis): Shanghai: Steamers three days, 50¢; Canton double extra 1 1/2-10, 41¢; Japanese crepe double extra, 50¢@51¢.

WORLD'S GRAIN MARKET NEWS

It is hard for the average trader to get behind the average, with supplies piling up at abnormal rates, with the pit element going slow in buying and taking advantage of every weak spot to sell, so that in covering on evidence of strength they are not making much headway. In the meantime the south-eastern and northwestern interests are putting pressure into the wheat market on every bulge.

It is said week holders of September corn generally have unloaded, allowing a good many shorts to get in. The largest short lines are said to be fairly covered. The open interest in September at the close Saturday was 11,864,000 bu., compared with 17,184,000 bu. a week ago, while in December it was 47,300,000 bu. against 47,555,000 bu. a week ago. The big receipts, 355 cars here yesterday, which filled up the local shipping demand, apparently did not disturb the largest holders of each corn in store, who claimed to have made satisfactory sales at good premiums.

A local trader who is particularly bearish most of the time, referring to the large stocks of wheat, says: "The trade is making a mistake in holding prices here at a level which prevents the free outward movement of wheat, so that may result in very low prices late in the season." Canada is moving out its wheat, he says, so that it will eventually be in better shape than the United States.

Scarcity of red wheat led to an advance in its premium over September 34¢37¢ for No. 1 and 31¢35¢ for No. 2, while No. 2 hard winter was 5¢56¢ over September.

"The bulletin of the United States department of agriculture on the world's wheat crop and marketing prospects says: 'Importing countries will take from 775,000,000 to 855,000,000 bu. of wheat during this crop year.' George C. Bryant of Jackson Bros. & Co. says: 'The world's wheat crop is estimated at 1,000,000,000 bu. to ship, if present estimates of production are maintained. Of this amount the United States and Canada can furnish 545,000,000 to 610,000,000 bu.'"

"Food in Illinois and Indiana Sunday night has come early enough to do some harm or less damage to corn," says H. C. Donovan, Logan & Bryant crop expert. "The amount of damage, however, cannot be determined until a few days have elapsed. Locations of frost ranging from Kankakee to Streator and Franksville, include some of the best sections of surplus producing acreage of the state."

A Winnipeg message to James R. Bennett & Co. says there is going to be a lot of low grade wheat, and as thrashing is progressing, the belief also is gaining ground that there will be a total crop of 575,000,000 to 600,000,000 bu.

Lake rates are strong and a good business has been done in chartering boats from Duluth and Port William, both for loading at once and carrying to western lake ports, also for winter storage. At Chicago a shipper reported that vessel men were asking 30¢ bu for corn to Buffalo, the highest of the season.

JAMES E. BAUM NEGOTIATING FOR M'CORMICK HOME

BY AL CHASE.

Negotiations are now under way for the sale of the Cyrus McCormick Jr. estate at Lake Forest to James E. Baum Jr. The McCormicks have a large apartment in the 900 North Michigan avenue building, a cooperative project fostered by Jarvis Hunt, architect. The McCormick Lake Forest property comprises approximately nine acres at 550 East Spruce avenue and is improved with an old, rambling residence.

Mr. and Mrs. Baum, with their son and daughter, Dick and Elizabeth, formerly lived at 46 East Division street. Some time ago they moved to the Bruce Smith place at 30 Green Bay road, Lake Forest, where they are now living. Mr. Baum is a writer and traveler. He is now at work on a book of travel in Africa.

Hotel Buys Fee.

The Congress Hotel company has purchased from the Wisconsin Trust company and Herman H. Schwartz, trustees of the Joseph H. Rice estate, the 123rd of land under the hotel, fronting on Michigan avenue, about twenty feet south of Congress street. The property has been under lease to the hotel company since 1922. David S. Simon was the only broker. Charles S. Morris and Sonnenschein, Berkson, Lautmann & Levinson were attorneys.

The Simpson apartment hotel at 935-40 Alameda street has been sold by Flora B. Simpson to W. H. Florent and J. Foster, hotel operators, for an undisclosed consideration. Samuel Bauer of Krenn & Dato was broker.

Lawrence Spaulding Deal.

George W. Prassas has sold to Martin Nielsen the leasehold estate and the two-story building at the northeast corner of Lawrence and Spaulding avenues, lot 63x125, containing seven stores, eleven offices, and three flats. The corner is under lease from Edwin H. and Homer Abbott for ninety-nine years at an average annual rent of \$5,851.

Mrs. John J. Fallon has bought the six apartment building at 6930 Paxton avenue from Paul H. Puschel for a reported \$80,000, giving as part payment the six flats at 6840 Calumet avenue. G. H. Elmer of Hefter & Beatty was broker.

RAILROAD NOTES

Toronto dispatches to Wall street quote E. W. Beatty, president of the Canadian Pacific railway, as saying he is giving the Canadian National railway until the end of the year to participate on a fifty-fifty basis in the Canadian Pacific's purchase of railroad lines formerly owned by the Alberta government.

It was learned at the office of the American Railway association that there is no truth in the report that the railways would abandon the construction of wood freight cars after Jan. 1, 1931.

The Rock Island in the first twenty-one days of September handled 115,357 cars of revenue freight, against 115,738 cars in the same period last month and 109,684 cars in the corresponding days in September, 1927.

TRADING LIGHTER, BUT N. Y. CURB PRICES ADVANCE

New York, Sept. 24.—(AP)—Trading was less active on the curb today, mines responding to a further advance in copper prices, and also displaying group strength on unconfirmed reports that mid-continent crude prices would be raised.

Sparks-Whittington was a strong feature of the industrial group, touching a new high at 14 1/2, up 3/4 point, and closing at 138. In a small turnover Blaw-Knox went up 1/4 point to a new top at 120. Balaban & Katz, Checker Cab, Deere, Hall Lamp, A. C. Horn, International Safety Razor "P. J.," Left-Corner Realty, and National Rubber Machinery registered new highs in gains of 3 to 6 points.

The high priced chain stores continued their advance, Safeway touching a new top at 75, then closing 5 points down, while Sanitary Groceries went up 1/2 to 40, a new high, and Melville Shoe extended its gain.

Weak spots were Associated Dry Goods, United Fruit, United Milk Products, Bristol-Myers, United Milk Products, Stutz Motors, and Raybestos, dropping 1 to 4 points.

Newmont led the mines with a gain of about 5 points, and New Cornelia went to its previous high at 34. Shattuck Denn and United Verde made small gains, while Noranda dropped more than a point after a fractional advance.

In the oil field, Vacuum advanced a point to a new top at 32 1/2, while Humble made a like gain, Vacuum advanced nearly a point and Standard of Kentucky 2 points. In the low priced group, Pantepec was in demand during most of the session, but eased toward the close.

Penn-Ohio Edison went to a new high with a gain of more than 2 points, while several utilities made fair gains, including Electric Bond and Share, Electric Investors, Midwest Utilities, American Gas and Electric, and United Gas Improvement.

COTTON GINNING SMALLER

Cotton is not being ginned as fast this year as last, the census bureau figures for Aug. 1 to Sept. 15 showed a total of 2,498,238 bales, compared with 3,504,905 bales last year. The report was taken as bullish, as the report was taken as bullish, as the report was taken as bullish.

Prices advanced and closed with net gains on futures in Chicago of 25 to 34 points and in other markets of 15 to 24 points. Spots gained 15 points in New York to 19.65¢, and 15 points in London to 19.65¢.

CORN AND WHEAT BOTH ERRATIC LIKE WEATHER

BY CHARLES MICHAELS.

Light to killing frost over part of the corn belt with prospects of more led to fears of damage to the new crop. While prices were slightly lower early, in sympathy with a break of $\frac{1}{4}$ ¢ in the September delivery, there was a good class of commission houses and local buying later. An advance of $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ from the low point followed, with the finish at intermediate figures with net gains of $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ except September, which finished $\frac{1}{4}$ ¢ lower. Wheat fluctuated erratically within a range of $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ and closed $\frac{1}{4}$ ¢ lower to $\frac{1}{2}$ ¢ higher, while oats were unchanged to $\frac{1}{4}$ ¢ lower and rye $\frac{1}{4}$ ¢ to $\frac{1}{2}$ ¢ higher.

Liquidation was on in September corn early with a drop to $\frac{1}{4}$ ¢, or $\frac{1}{2}$ ¢ under the high point of a week ago, and numerous stop loss orders were caught on the way down. Receipts of 555 cars here with prospects of a good movement the balance of the week had a depressing effect on the nearby delivery. Shipping demand was active with sales of 172,000 bu. A decrease of 667,000 bu. in the visible supply brought the total down to 7,195,000 bu., against 22,723,000 bu. last year.

Eastern Harvest Bay Corn.
Homes with eastern connections were on the buying side of the deferred deliveries of corn, and found relatively little for sale after the market started upward, and sellers of offers were forced to protect themselves on the bulge. While a good part of the crop is regarded as having matured, at the same time there is also a large acreage that was in a position to be damaged, and ice formed as far south as central Illinois, resulting in fears that considerable soft grain will be secured.

Wheat market was decidedly erratic, breaking early only to rally sharply, and then ease again toward the last. There was considerable selling on an increase of 7,500,000 bu. in the visible supply which raised the total to 100,825,000 bu., the largest on record at this season, and compared with 75,226,000 bu. last year. In November, 1913, the visible aggregated 136,809,000 bu., but this included Canadian grain in bond.

Mills Buy Wheat.
Minneapolis mills were good buyers of wheat futures in that market but not on as large a scale as on Saturday when estimates on flour sales ranged upward to 1,000,000 bu. The southwest was a seller here, presumably hedging. Winnipeg acted heavy and finished unchanged to $\frac{1}{4}$ ¢ lower and sufficient grain has already been thrashed in the western provinces to assure a movement up to the capacity of the railroads to handle until the close of lake navigation. Liverpool closed $\frac{1}{4}$ ¢ higher in the face of further rains in Argentina and Australia.

Foreign demand for cash wheat was slow with sales of 350,000 bu. in all positions reported at the seaboard. So far this season there has been a world's disappearance of 185,000,000 bu. wheat, according to A. L. Russell, the New York statistician, compared with 154,000,000 bu. during the same period last year.

Scattered long and local traders were on the selling side of oats and more than offset buying by the northwest. There was changing between September and December at $\frac{1}{4}$ ¢ premium for the former. Rye showed independent strength, and met with resting orders to buy on all the declines. Export demand at the seaboard was reported as slow.

CASH GRAIN NEWS

Foreign demand for cash wheat at the seaboard was slow with sales of 350,000 bu. in all positions reported at the seaboard. So far this season there has been a world's disappearance of 185,000,000 bu. wheat, according to A. L. Russell, the New York statistician, compared with 154,000,000 bu. during the same period last year.

WHEAT.
Chicago, Kansas City, St. Louis.

BONDS ERRATIC
WITH COPPERS
PRICES HIGHER

New York, Sept. 24.—(P)—Price movements were irregular in quiet trading on the bond market today. Maintenance of high money rates, with time money at 7 1/2 per cent, and banks showing disinclination to renew loans, served to limit trading. Observation of the Jewish religious holiday, which took many traders from the floor, also was an influence in holding total sales to around \$1,000,000.

Increase in the price of copper en-
couraged buying of the copper issues. Andes
yielded the leadership in quiet trading
to Anaconda, which rose more than 3
points to a new year's high at 112.

Andes' and Chile Copper Co. closed
fractionally lower. Oils were firmer,
sympathy with the strength of stocks,
but gains were limited. Utilities came
in for some attention, especially Public
Service of New Jersey 4 1/2, which ad-
vanced about 3 points, and Brooklyn
Union Gas 4 1/2, which sold down 5 points
on a small turnover.

Rails as a group showed increased
firmness, with the secondary issues
making wider gains. Gulf, Mobile
and Northern Ohio were lifted 3 points
while Erie 4s, Katy 4s, and one or two
others closed about a point higher.

The foreign list was flat. Italian
industrials, notably Fiat 7s, were in
demand at prices 3 to 4 points higher.
Australia Commonwealth 4 1/2
were pressed for sale.

United States government obligations
were soft.

WINNIE WINKLE, THE BREADWINNER: The Stickpin

BRIDE

MRS. GEORGE C. BRAUN.

[Moffett Photo.]
Mr. and Mrs. Edmund J. Toebelman of Villa Park, Ill., announce the marriage of their daughter, Vera, to George C. Braun, son of Mr. and Mrs. W. H. Braun of Winnetka.

SOCIETY NOTES

The society people in the first night audience last night for the Theater Guild's season at the Blackstone, opening with Shaw's "Arms and the Man" included Mr. and Mrs. E. J. Toebelman, Mr. and Mrs. Thomas C. Denney Jr., Arthur Bissell, Mr. and Mrs. Robert McCormick Adams, Mrs. Francis J. Johnson, Mrs. Nelson Morris, Mr. and Mrs. Alex Kirk, Mrs. Knowlton Ames, Mr. and Mrs. Thomas Seyster, and Arthur Aldis. Delicate though we may be on the subject, the fact that Elliott Cabot who was Major Sergius Saranoff in the play had been for a brief time in real life, Miss Genevieve Carpenter, fiancée of the late Mr. Cabot, was in the audience, as we feel sure it was in the minds of others present.

Mr. and Mrs. Towner K. Webster Jr. of Winnetka, have issued invitations for the marriage of their daughter, Elizabeth Jane, to Stuart Van Hiltman, to take place on Saturday afternoon, Oct. 13, at 4:30 o'clock at Christ church in Winnetka.

Mr. and Mrs. Simeon B. Chapin Jr. and their new baby arrived at Lake Geneva on Saturday from New York City for a three weeks' visit both with Mrs. Chapin's and with Mr. Chapin's parents. The Henry Bartholomew family, who are at Lake Point, their summer place, and the Simeon B. Chapin family, who are at Lake Forest, are expected to return tomorrow from a stay at Zion National Park, Utah. She accompanied Mr. and Mrs. William Sherman Hay of Winnetka on a western trip about three weeks ago.

Mrs. Charles H. Requa of Winnetka and her daughter, Mrs. Stewart Johnson, are sailing on Friday on the S. S. America for a six weeks' trip in Europe. They plan to be back about the middle of November.

Standford Helm, son of Mr. and Mrs. Wilbur Helm of Evanston, who earned the distinction last year of being the only freshman at Princeton in the bachelor of science division to attain first general grade, which is, we take it, a scholastic mark of merit, has returned to Princeton.

Mr. and Mrs. Henry Chapin of 2430 Lakeview avenue and their sons, Henry Jr. and Charles, are back in town after a three month's sojourn abroad. Henry Chapin Jr. is enrolled at the University of Illinois.

800 Ministers Set Oct. 7 to Pray for Chicago Against Crime

More than 800 Protestant ministers gathered yesterday morning at the Chicago temple to discuss plans for a citywide campaign of evangelism, digressed from the main topic long enough to adopt a resolution setting aside Sunday, Oct. 7, as a day of common prayer for all Christian people, that Chicago might be rid of its criminal and political problems in the coming election.

"Whereas," it read in part, "primary day was but a preliminary skirmish in the great battle for Chicago's civic redemption and, whereas, the time never was more opportune for the church to adopt a resolution setting aside Sunday, Oct. 7, as a day of common prayer for all Christian people, that Chicago might be rid of its criminal and political problems in the coming election."

"Therefore," it read in part, "primary day was but a preliminary skirmish in the great battle for Chicago's civic redemption and, whereas, the time never was more opportune for the church to adopt a resolution setting aside Sunday, Oct. 7, as a day of common prayer for all Christian people, that Chicago might be rid of its criminal and political problems in the coming election."

Jews' Day of Atonement Rites Held Yesterday

Yom Kippur, the day of atonement, on which Jews in all parts of the world observe a fast from sundown to sundown, was marked in Chicago by services in the synagogues and by prayers in the homes of orthodox Jews. Jewish places of business closed, and many firms employing Jewish workers allowed them a free day. Among many Jews the feast is regarded as symbolic of the unity of the Jewish people, rather than a day of penance.

Report Missionary Work

The Chicago City Mission society of the Methodist Episcopal church held its annual meeting and luncheon at the Morrison hotel yesterday noon with Bishop Edwin Holt Hughes as guest of honor. George W. Dixon, president of the society, gave a report of the work done during the year. Mr. Dixon was collected president.

Woman's Relief Corps

Members of Benjamin F. Butler Woman's Relief corps will observe past presidents' day Friday afternoon at Odd Fellows hall, 4211 Irving Park boulevard.

WEDDING

The marriage of Miss Jean Whitney, daughter of Mrs. E. E. Whitney of Plandome, Long Island, to Robert McCormick Shields, son of the late Mr. and Mrs. James H. Shields of Chicago, took place on Saturday evening at the chapel of St. Bartholomew's church in New York City, with a wedding reception and dinner at the Ritz-Carlton hotel following the ceremony which was performed by the Rev. Herbert R. Stevenson. Only members of the immediate families of the bride and groom and a few friends were present, owing to a serious illness in the bride's family. Miss Elizabeth Shields of Chicago was maid of honor for the bride, and C. Culver Shields of Lake Forest was best man for his brother. Mrs. C. Culver Shields of Lake Forest, Miss Elizabeth and Miss Viola Shields of Highland Park, and Miss Isabelle Bates of Chicago were among the Chicago guests. Mrs. Shields is a graduate of Smith college, and Mr. Shields was graduated from Williams college and later attended Columbia university. He and his bride are to sail on the S. S. Mauretania for a wedding trip and are to reside in Plandome.

ENGAGED

Miss Elizabeth Anne Richmond.

[Atlantic Photo Service Photo.]
Mr. and Mrs. H. Bradford Richmond of Atlantic City, N. J., announce the engagement of their daughter, Elizabeth Anne, to Robert Ernest Koehn, son of Mr. and Mrs. Robert T. Koehn of 599 Wellington avenue. The wedding is to take place in November at the First Presbyterian church in Atlantic City.

WASHINGTON SOCIETY

[Chicago Tribune Press Service.]
Washington, D. C., Sept. 24. [Special.]—President Coolidge, accompanied by his secretary, Everett Sanders, and his military aid, Col. Osmund Latrobe, spent the week-end and returned to the navy yard this morning.

Mrs. Mary Logan Tucker, daughter of the late Gen. and Mrs. John A. Logan of Illinois, is furnishing a room in the American university (Methodist) to be used as a guest room, in memory of her parents who were lifelong Methodists. It will be furnished with pieces formerly used in the Logan home here.

Mr. and Mrs. Charles J. Faulkner Jr. of Chicago, son and daughter-in-law of the former senator from West Virginia, are spending a few days this week at the Mayflower, arriving here today.

Mrs. H. C. Hackney, accompanied by Miss I. Mitchell of Chicago, are at the Mayflower for a few days.

Mrs. Gen. Milton J. Foreman of Chicago has arrived at the Willard to spend the remainder of this week.

At toilet goods counters everywhere—in the original 50 cent size, in the original 25 cent size, and in the new color packages, slightly more pronounced in color.

Group Threatens Boycott of Church Assembly as Rebuke

[Chicago Tribune Press Service.]
LONDON, Sept. 24. [Fireworks are expected at the church congress sessions at Cheltenham next week, due to the threat of boycott by many important church notables. Lord Halifax and 724 clergymen sent an open letter to the bishop of Gloucester, who is president of the congress, protesting against Dr. H. D. A. Major, principal of Ripon Hall Theological college, Oxford, and editor of the Modern Churchman, appearing on the congress platform.

Charges of heresy were brought against Dr. Major in 1923 by the London clergymen, the Rev. C. E. Douglas. The charges were based on Dr. Major's expressed view that the resurrection of the body was spiritual, and not a physical event.

Episcopal Church May Take Industrial Arbitrator's Role

Entrance of the church into the industrial field, in the double role of mediator and mentor, will be proposed at the triennial convention of the Episcopal church in Washington next month, according to a report of the industrial division of the church.

To Give Theater Party.

Buena chapter, No. 793, Order of the Eastern Star, is staging a party at the Cort Theater Wednesday night and has obtained tickets for the entire main floor. The chapter committee in charge includes Mrs. Theresa Myerson, Mrs. Estelle Kahn, and Mrs. Minnie Liebhafitz.

"I've Always Used Lablache"

So many women will tell you that! Women whose smooth clear skins are convincing testimony to the rare quality of Lablache.

For three generations—over half a century—Lablache has been the standard in fine face powders—in its delicate perfume, wonderful fineness and rare clinging texture.

At toilet goods counters everywhere—in the original 50 cent size, in the original 25 cent size, and in the new color packages, slightly more pronounced in color.

BEAUTYADVICE

Learn how to remove powder and rouge

Employ this treatment of beauty oils to combat blackheads, enlarged pores, blemishes, enlarged pores, blemishes. Find how naturally lovely your skin is.

AGE is a challenge to beauty. To day—the woman of forty or fifty refuses to let the years conquer her loveliness. She protects her treasured complexion, first index of enduring beauty.

Only a soap of Nature's beauty oils—those of olive and palm—will cleanse the skin thoroughly, and gently at the same time. Such a soap as Palmolive.

Each night—to gain a charming skin—do this: Remove all trace of rouge and powder, of dust and grime, of oil secretion and dead skin by massaging the face thoroughly with a pre-lather of Palmolive Soap and warm water. Work it into the skin—into the very pores—with your two hands to massage away any telltale lines of age. Rinse with warm water, graduated to cold, then pat dry. Occasionally use an ice massage to "tone" your skin if you wish. Then (and then only) are you ready for rouge and powder. If your skin is apt to be dry, an olive oil rub before your soap massage brings grateful results.

Reduce the Acid

In sick stomachs—instantly

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

But never omit your regular Palmolive treatment. On sale everywhere—10c.

Colgate-Palmolive-Peet Co., Chicago, Ill.

Why Strive to Be an Orchid When You Are the Rose Type?

Over a holiday weekend a discussion about beauty was precipitated by the unaccountable amount of time one fair guest took before she could make an appearance. We wish we could report that when she did arrive on the scene she was viewed with indifference by the male sex, but such is the finale of so many of our popular themes, the earlier birds who had a walk and a swim by the time the beauty appeared—well, they didn't catch the prize worms. When the beauty arrived she took the throne, and what's more, she held it.

Naturally, one of the gals was insufficiently wrought up to ask why all the beauty chatter about hygienic life and living as the eternal secret for which women strive. Here comes one endowed in the beginning with rare charm who defied every convention of the physical training school of thought. She was nurtured solely on beauty gowns and cosmetics and she prospered—beautifully.

So do women in other branches flourish without regard for the conventional rules. But for the large army of the contented ones who are contented by nature and ignore the basic rules and retain until a ripe old age that quality which makes other women envious. But if you weren't born equal in beauty endowments, the rest of us have to follow the program that will raise what points we have been given to their zenith. And in order to do this the conventional health rules have to be practiced pretty thoroughly.

There really isn't such great discrimination against the average "looker" as might appear in the presence of the born beauty. If one hasn't been born gifted she can do without the adulation that requires long hours of primping and self-centered application. And after all that is a heartier laugh in life for the girl who battles her swim in her walk in the early a. m. And history proves, past and immediate, that the latter stand up a bit better both physically and morally under the strain of responsibility, accomplishment and living. What of it, anyway, if the lovely orchid leads an orchid life? There are still the hardy roses to be nursed and tended. Also are there "them as like roses better'n orchids."

BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.
T. F.: YOU WANT TO EAT LESS meat and more vegetables—carrots, peas, asparagus, spinach, lettuce, tomatoes. Vegetables of this character contain minerals valuable to the body. Onions and celery are excellent for the nervous, and may be eaten raw or stewed.

Barred Materials Used for Sports

NEW YORK.—(Special Correspondence).—Ten seasons in a bar wrap might be the title of one of fashion's melodramas. For certainly these bar effects have been going on for at least ten seasons and still we are clinging to them with might and main.

Today's sport coat shows one of the numerous variations that have been affected in barred materials. For in this case the bars themselves are diversified by stripes. The striped sections are of light brown with a dark brown figure and they relate sections alternating light and dark brown, the latter in monotone style. It is, of course, upon such diversity that much of the charm of our autumn sports apparel is dependent. Indeed, so wide is the field of novelty measures and patterns from which we may select that we need not bother much about trimming.

However, the sport coat pictured here undoubtedly receives its final distinction from the dark brown fur used for collar and cuffs. This fur is squirrel and it is applied only partially to sleeves still to the elbow.

Some of the accessories which strike a nice average between sport and tailored inspiration are capped by a brand new climax in matching accessories. That is to say, they are accompanied by an enviable handbag of the same material. Thus, one of the most charming of the Georges de Jaen ensembles matches the trend coat with a trend bag.

by Corinne Lawrence

OFFICIAL WEATHER FORECAST

The official forecast for today and tomorrow and yesterday's table of records follow:

Indiana: Partly cloudy Tuesday and Wednesday; not quite so cool Wednesday in northern portion.

Lower Michigan—Unsettled Tuesday; Wednesday partly cloudy, continued cool; Upper Michigan—Unsettled and continued cool Tuesday; Wednesday partly cloudy and slightly warmer.

Wisconsin—Mostly fair Tuesday and Wednesday but some cloudiness; not so cool Wednesday.

Place of observation.

SHERIDAN ROAD

Beautiful views of Lincoln Park, Belmont Yacht Harbor and the Lake. Some choice four and five room apartments are available in this new 13 story fireproof building. They are real homes; not of the ordinary cramped apartment hotel type. The building itself has an air of conservatism and respectability and is the highest endeavor of the management to maintain this atmosphere.

There are certain what we call "House Features" such as air refrigeration system, laundry facilities, the service, etc., which help make

COOLIDGE
NOTE A
NAVAL
Dislikes
London
Washington, D. C. (The intention is to insist that the negotiators for navigation only at a international conference through secret negotiations was made in the House today as the States will transact and France, reply to their naval limitations through frequent the President, the ward without delay embassies in London every late this week.)
While the content of the note was discussed in the cabinet meeting have the stamp of authority. In accordance recently voiced by the Secretary, it will be United States immunity. The notes from France are yet to be because of the those governments.
The note was discussed in the cabinet meeting have the stamp of authority. In accordance recently voiced by the Secretary, it will be United States immunity. The notes from France are yet to be because of the those governments.
When the United States proposed in the naval arms race, it asked for a conference interested at the time. Some that were in the era, it was some called, in apparent absence of France, it was even to discuss even to discuss.
The bill now passed for construction of one airplane of would be taken this winter if President his way.
Whether the note been placed in final department and the forth these points revealed today.
Oppose Unrest
Some hesitancy about how far it should go in the the ambiguity of French communication of the navy. On the other hand, learned to their the agreement building of are desired by Great the classes of submarines of cruisers and United States feels to it. This was the Geneva conference. Predictions in the American note in strong terms for today in authority of the opinion of might better be proper tribunals than of the public.
[Chicago Tribune] LONDON, Sept. 25.—The Anglo-American committee was made by Lord A. B. B. of the committee of the house of representatives today from Southampton. This so-called a long way toward confidence in the (Continued on page 43.)
